Introduction

NAVIGATION SYSTEM OWNER'S MANUAL

This manual explains the operation of the Navigation System. Please read this manual carefully to ensure proper use. Keep this manual in your vehicle at all times.

The screen shots in this document and the actual screens of the navigation system differ depending on whether the functions and/or a contract existed and the map data available at the time of producing this document.

NAVIGATION SYSTEM

The Navigation System is one of the most technologically advanced vehicle accessories ever developed. The system receives satellite signals from the Global Positioning System (GPS) operated by the U.S. Department of Defense. Using these signals and other vehicle sensors, the system indicates your present position and assists in locating a desired destination.

The navigation system is designed to select efficient routes from your present starting location to your destination. The system is also designed to direct you to a destination that is unfamiliar to you in an efficient manner. The system uses DENSO maps. The calculated routes may not be the shortest nor the least traffic congested. Your own personal local knowledge or “short cut” may at times be faster than the calculated routes.

The navigation system’s database includes Point of Interest categories to allow you to easily select destinations such as restaurants and hotels. If a destination is not in the database, you can enter the street address or a major intersection close to it and the system will guide you there.

The system will provide both a visual map and audio instructions. The audio instructions will announce the distance remaining and the direction to turn in when approaching an intersection. These voice instructions will help you keep your eyes on the road and are timed to provide enough time to allow you to maneuver, change lanes or slow down.

Please be aware that all current vehicle navigation systems have certain limitations that may affect their ability to perform properly. The accuracy of the vehicle’s position depends on satellite conditions, road configuration, vehicle condition or other circumstances. For more information on the limitations of the system, refer to pages 137 through 139.

TOYOTA MOTOR CORPORATION
IMPORTANT INFORMATION ABOUT THIS MANUAL

For safety reasons, this manual indicates items requiring particular attention with the following marks.

⚠️ CAUTION

● This is a warning against anything which may cause injury to people if the warning is ignored. You are informed about what you must or must not do in order to reduce the risk of injury to yourself and others.

⚠️ NOTICE

● This is a warning against anything which may cause damage to the vehicle or its equipment if the warning is ignored. You are informed about what you must or must not do in order to avoid or reduce the risk of damage to your vehicle and its equipment.

SYMBOLES USED IN ILLUSTRATIONS

Arrows indicating operations

→ Indicates the action (pushing, turning, etc.) used to operate switches and other devices.
HOW TO READ THIS MANUAL

### 1. DESTINATION SEARCH

#### 2. STARTING ROUTE GUIDANCE

INFORMATION FOR HYBRID VEHICLES IS WRITTEN IN BRACKETS NEXT TO THE INFORMATION FOR GASOLINE VEHICLES

Different writing styles for gasoline and hybrid vehicles

**Example**

When the engine<sup>1</sup> <power><sup>2</sup> switch is in ACCESSORY or IGNITION ON<sup>1</sup> <ON><sup>2</sup> mode, the initial screen will be displayed and the system will begin operating.

- <sup>1</sup>: Vehicles with gasoline engine
- <sup>2</sup>: Vehicles with hybrid system
To use this system in the safest possible manner, follow all the safety tips shown below.

This system is intended to assist in reaching the destination and, if used properly, can do so. The driver is solely responsible for the safe operation of your vehicle and the safety of your passengers.

Do not use any feature of this system to the extent it becomes a distraction and prevents safe driving. The first priority while driving should always be the safe operation of the vehicle. While driving, be sure to observe all traffic regulations.

Prior to the actual use of this system, learn how to use it and become thoroughly familiar with it. Read the entire Navigation System Owner’s Manual to make sure you understand the system. Do not allow other people to use this system until they have read and understood the instructions in this manual.

For your safety, some functions may become inoperable when driving. Unavailable screen buttons are dimmed. Only when the vehicle is not moving, can the destination and route selection be done.

While driving, listen to the voice instructions as much as possible and glance at the screen briefly and only when it is safe. However, do not totally rely on voice guidance. Use it just for reference. If the system cannot determine the current position correctly, there is a possibility of incorrect, late, or non-voice guidance.

The data in the system may occasionally be incomplete. Road conditions, including driving restrictions (no left turns, street closures, etc.) frequently change. Therefore, before following any instructions from the system, look to see whether the instruction can be done safely and legally.

This system cannot warn about such things as the safety of an area, condition of streets, and availability of emergency services. If unsure about the safety of an area, do not drive into it. Under no circumstances is this system a substitute for the driver’s personal judgement.

Use this system only in locations where it is legal to do so. Some states/provinces may have laws prohibiting the use of video and navigation screens next to the driver.

<td>137</td>
</tr>
</tbody>
</table>

*: Press and hold the “PWR/VOL” knob for 3 seconds or more to turn off the screen and restart the navigation system. Do this when the vehicle-mounted device response is extremely slow.

INFORMATION

● Remove dirt from the display and its surrounding area by lightly wiping with a soft, dry cloth, such as a cloth used for cleaning glasses with plastic lenses. Scrubbing too hard or using a hard cloth could scratch the display. Also, the display is treated with a coating, and could be damaged by coming into contact with benzine or alkaline solution.

● When the screen is viewed through polarized sunglasses, a rainbow pattern may appear on the screen due to optical characteristics of the screen. If this is disturbing, please operate the screen without polarized sunglasses.

● When the vehicle travels out of the coverage area, the guidance screen changes to the compass mode screen. Information about the destination, current position and a compass is displayed on the compass mode screen. Also the destination mark is displayed in the direction of the destination. When driving, refer to the longitude and latitude coordinates, and the compass, to make sure that the vehicle is headed in the direction of the destination.
3. REGISTERING HOME

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination” and press the Remote Touch knob.

3. Select “Go Home” and press the Remote Touch knob.

If a home address has not been registered, it can be registered by selecting “Go Home”.

4. Select “Yes” and press the Remote Touch knob.

5. There are 4 different methods to search your home. (See “DESTINATION SEARCH” on page 66.)

The “Edit Home” screen is displayed.
Select “OK” and press the Remote Touch knob.

Registration of home is complete. Home can also be registered by selecting “Navigation” on the “Setup” screen. (See “REGISTERING HOME” on page 108.)

The name, location, phone number and icon can be changed. (See “EDITING HOME” on page 109.)

The registered points can be used on the “Destination” screen. (See “DESTINATION SEARCH BY HOME” on page 67.)
1. NAVIGATION OPERATION

4. REGISTERING PRESET DESTINATIONS

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination” and press the Remote Touch knob.

3. Select one of the preset destination buttons and press the Remote Touch knob.

4. Select “Yes” and press the Remote Touch knob.

5. There are 4 different methods to search preset destinations. (See “DESTINATION SEARCH” on page 66.)

A preset destination can be set to any preset destination button that has not yet been set.

The “Edit Preset Destination” screen is displayed.
Select “OK” and press the Remote Touch knob.

Registration of preset destinations is complete.

Preset destinations can also be registered by selecting “Navigation” on the “Setup” screen. (See “REGISTERING PRESET DESTINATIONS” on page 110.)

The name, location, phone number and icon can be changed. (See “EDITING PRESET DESTINATIONS” on page 111.)

The registered points can be used on the “Destination” screen. (See “DESTINATION SEARCH BY PRESET DESTINATIONS” on page 67.)
1. NAVIGATION OPERATION

5. OPERATION FLOW: GUIDING THE ROUTE

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination” and press the Remote Touch knob.

3. There are 11 different methods to search destinations. (See “DESTINATION SEARCH” on page 66.)

4. Select “Go to” and press the Remote Touch knob.

5. Select “OK” and press the Remote Touch knob, and start driving.

The navigation system performs a search for the route.

Routes other than the one recommended can also be selected. (See “STARTING ROUTE GUIDANCE” on page 85.) Guidance to the destination is displayed on the screen and can be heard via voice guidance.
6. SETTING HOME AS THE DESTINATION

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination” and press the Remote Touch knob.

3. Select “Go Home” and press the Remote Touch knob.

“Go Home” can be used if your home address has been registered. (To register home, see “REGISTERING HOME” on page 108.)

Your home address is set as the destination. The navigation system performs a search for the route.

4. Select “OK” and press the Remote Touch knob, and start driving.

Routes other than the one recommended can also be selected. (See “STARTING ROUTE GUIDANCE” on page 85.)

Guidance to the destination is displayed on the screen and can be heard via voice guidance.

1. BASIC INFORMATION BEFORE OPERATION

1. INITIAL SCREEN

1. When the engine <power> switch is in ACCESSORY or IGNITION ON <ON> mode, the initial screen will be displayed and the system will begin operating.

   - Images shown on the initial screen can be changed to suit individual preferences. (See page 55.)

   **CAUTION**

   - When the vehicle is stopped with the engine running (the hybrid system operating), always apply the parking brake for safety.

   - After a few seconds, the “CAUTION” screen will be displayed.

   ![Initial Screen Display](image1.png)

2. After about 5 seconds, the “CAUTION” screen automatically switches to the map screen. (If a button other than the “MAP/VOICE” button on the Remote Touch is pressed, the function’s corresponding screen will be displayed.)

   ![Map Screen Display](image2.png)

3. Maintenance Information

   This system reminds users when to replace certain parts or components and shows dealer information (if registered) on the screen.

   When the vehicle reaches a previously set driving distance or date specified for a scheduled maintenance check, the “Maintenance Reminder” screen will be displayed when the navigation system is turned on.

   ![Maintenance Reminder](image3.png)

   - This screen goes off if the screen is not operated for several seconds.

   - To prevent this screen from being displayed again, select “Do Not Display This Message Again”.

   - To register maintenance information, see “MAINTENANCE” on page 131.
1. BASIC INFORMATION BEFORE OPERATION

2. HOW TO USE THE Remote Touch

This navigation system can be operated by the Remote Touch when the engine <power> switch is in ACCESSORY or IGNITION ON <ON> mode.

1. Use the Remote Touch knob and select the buttons on the screen.

2. To select a button on the screen, press the Remote Touch knob. Once a button has been selected, the screen will change.

- When the pointer moves close to a button, it will be automatically pulled onto that button. The strength of this pull can be adjusted. (See page 59.)
- The pointer will disappear from the screen if it is not moved for 6 seconds. Operation of the Remote Touch knob will cause the pointer to reappear.
- Press the “▲” button on the Remote Touch to zoom in on the map screen and “▼” to zoom out. These buttons can also be used to scroll up and down on list screens.
- Press the “MENU” button on the Remote Touch to set a destination or adjust settings for the audio system, air conditioning system, etc.
- You can return to the map screen by pressing the “MAP/VOICE” button on the Remote Touch.

**CAUTION**

- Do not allow fingers, fingernails or hair to become caught in the Remote Touch as this may cause an injury.
- Be careful when touching the Remote Touch in extreme temperatures as it may become very hot or cold due to the temperature inside the vehicle.
NOTICE

- Do not allow the Remote Touch to come into contact with food, liquid, stickers or lit cigarettes as doing so may cause it to change color, emit a strange odor or stop functioning.
- Do not subject the Remote Touch to excessive pressure or strong impact as the knob may bend or break off.
- Do not allow coins, contact lenses or other such items to become caught in the Remote Touch as this may cause it to stop functioning.
- Items of clothing may rip if they become caught on the Remote Touch knob.
- If your hand or any object is on the Remote Touch knob when the engine <power> switch is turned to ACCESSORY mode, the Remote Touch knob may not operate properly.

INFORMATION

- Under extremely cold conditions, the Remote Touch knob may react slowly.

3. INPUTTING LETTERS AND NUMBERS/LIST SCREEN OPERATION

When searching for an address or name, or entering data, letters and numbers can be input via the screen.

- Keyboard layout can be changed. (See page 54.)

### TO INPUT LETTERS AND NUMBERS

1. Select "A-Z" to display the alphabet keys.

2. Select the keys directly to enter letters or numbers.

- Select to erase one character. Select and hold to continue erasing characters.

- On certain letter entry screens, letters can be entered in upper or lower case.

<table>
<thead>
<tr>
<th>Icon</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Select to enter in lower case.</td>
</tr>
<tr>
<td></td>
<td>Select to enter in upper case.</td>
</tr>
</tbody>
</table>

### TO INPUT SYMBOLS

1. Select "Other" to display symbol keys.

2. Select the symbol keys directly to enter symbols.

- Select to erase one symbol. Select and hold to continue erasing symbols.
1. BASIC INFORMATION BEFORE OPERATION

TO DISPLAY THE LIST

1. Select “OK” to search for an address or a name.

- Matching items from the database are listed even if the entered address or name is incomplete.
- The list will be displayed automatically if the maximum number of characters is entered or the number of matching items is 5 or less.

LIST SCREEN OPERATION

When a list is displayed, use the appropriate screen button to scroll through the list.

Icon | Function
--- | ---
| Select to skip to the next or previous page. Select and hold ↑ or ↓ to scroll through the displayed list. |
| This indicates the displayed screen’s position. |
| If “ ” appears to the right of an item name, the complete name is too long to display. Select “ ” to scroll to the end of the name. Select “ ” to move to the beginning of the name. |

INFORMATION

- The number of matching items is shown on the right side of the screen. If the number of matching items is more than 999, the system displays “***” on the screen.

INFORMATION

- The “A” and “V” buttons on the Remote Touch can be used to scroll up and down on list screens.
1. BASIC INFORMATION BEFORE OPERATION

### SORTING

The order of a list displayed on the screen can be rearranged.

1. Select “Sort”.

2. Select the desired sorting criteria.

<table>
<thead>
<tr>
<th>Screen button</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>“Distance”</td>
<td>Select to sort in order of distance from the current position.</td>

</tr>
<tr>
<td>“Price”</td>
<td>Select to sort in order of price. (XM functions)</td>
</tr>
</tbody>
</table>
1. BASIC INFORMATION BEFORE OPERATION

4. SCREEN ADJUSTMENT

The contrast and brightness of the screen display and the image the camera displays can be adjusted. The display can also be turned off, and/or changed to either day or night mode.

SCREEN SETTINGS ADJUSTMENT

ADJUSTING SCREEN DISPLAY AND CAMERA SETTINGS

1. Press the "MENU" button on the Remote Touch.

2. Select "Display".

3. Select "Contrast" or "Brightness" to adjust the image the camera displays.

4. Select either "Camera" or "Map·Menu" to return to the screen display settings.

CONTRAST AND BRIGHTNESS ADJUSTMENT

The contrast and brightness of the screen can be adjusted according to the brightness of your surroundings. The display can also be turned off.

1. Select "<" or ">") to select the desired function ("Contrast" or "Brightness").
2. Select the desired screen button to adjust contrast and brightness.

<table>
<thead>
<tr>
<th>Screen button</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>“Contrast” “+”</td>
<td>Select to strengthen the contrast of the screen.</td>
</tr>
<tr>
<td>“Contrast” “-”</td>
<td>Select to weaken the contrast of the screen.</td>
</tr>
<tr>
<td>“Brightness” “+”</td>
<td>Select to brighten the screen.</td>
</tr>
<tr>
<td>“Brightness” “-”</td>
<td>Select to darken the screen.</td>
</tr>
</tbody>
</table>

3. After adjusting the screen, select “OK”.
   - The screen goes off when “Screen Off” is selected. To turn the “Display” screen back on, press any button. The selected screen appears.

---

### CHANGING BETWEEN DAY AND NIGHT MODE

Depending on the position of the headlight switch, the screen changes to day or night mode.

1. To display the screen in day mode, even with the headlight switch on, select “Day Mode” for brightness and contrast control.

   - The display condition is not changed to night mode even if the headlight switch is turned on when the vehicle is in a bright area such as daytime.

   **INFORMATION**
   - If the screen is set to day mode with the headlight switch turned on, this condition is memorized even with the engine <hybrid system> turned off.
5. MAP SCREEN OPERATION

CURRENT POSITION DISPLAY

When starting the navigation system, the current position is displayed first. This screen displays the current position and a map of the surrounding area.

- The current position mark (1) appears in the center or bottom center of the map screen.
- A street name will appear on the bottom of the screen, depending on the scale of the map (2).
- The screen can be returned to this map screen that shows the current position at any time, from any screen by pressing the “MAP/VOICE” button on the Remote Touch.
- To correct the current position manually, see page 128.

INFORMATION

- While driving, the current position mark is fixed on the screen and the map moves.
- The current position is automatically set as the vehicle receives signals from the GPS (Global Positioning System). If the current position is not correct, it is automatically corrected after the vehicle receives signals from the GPS.

SCREEN SCROLL OPERATION

When any point on the map is selected, that point moves to the center of the screen and is shown by the cursor mark (1).

- Use the scroll feature to move the desired point to the center of the screen for looking at a point on the map that is different from the current position.
- To scroll over the map, place the pointer in a position near the desired destination and then press and hold the Remote Touch knob. The map will continue scrolling in that direction until the button is released.
- A street name, city name, etc. of the selected point will be shown, depending on the scale of the map (2). Distance from the current position to  will also be shown (3).
1. BASIC INFORMATION BEFORE OPERATION

1. BASIC FUNCTION

GS350/450h (US)  NA VI  30C46U

11.11.17    14:30

1. Select “Enter”.

- The screen changes and displays the map location of the selected destination and the route preference. (See “STARTING ROUTE GUIDANCE” on page 85.)

2. TO SET THE CURSOR POSITION AS A DESTINATION

- A specific point on the map can be set as a destination using the scroll function.

1. Select “Enter”.

- The screen changes and displays the map location of the selected destination and the route preference. (See “STARTING ROUTE GUIDANCE” on page 85.)

2. TO REGISTER THE CURSOR POSITION AS AN ADDRESS BOOK ENTRY

- Address book entry registration enables easy access to a specific point.

1. Select “Mark”.

- This screen is displayed.

2. The registered point is shown by on the map.

- To change the icon or name, etc., see “EDITING ADDRESS BOOK ENTRIES” on page 114.

INFORMATION

- Up to 100 address book entries can be registered. If there is an attempt to register more than 100 address book entries, an error message will appear.
To display information about an icon, set the cursor on it.

**POI INFORMATION**

When the cursor is set on a POI icon, the name and “Info” are displayed at the top of the screen.

1. Select “Info”.

2. Information such as the name, address, position and phone number are displayed.

- If “Enter” is selected, the cursor position will be set as a destination.
- If a destination has already been set, “Enter” and “Add to Route” will be displayed.
- “Enter”: Select to delete the existing destination(s) and set a new one.
- “Add to Route”: Select to add a destination.
- To register this POI as an address book entry, select “Mark”. (See “REGISTERING ADDRESS BOOK ENTRIES” on page 113.)
- If is selected, the registered phone number can be called.
- The desired POI can be displayed on the map screen. (See “DISPLAY POI ICONS” on page 103.)
1. BASIC INFORMATION BEFORE OPERATION

ADDRESS BOOK ENTRY INFORMATION

When the cursor is set on an address book entry icon, the name and "Info" are displayed at the top of the screen.

1. Select "Info".

2. Information such as the name, address, position and phone number are displayed.

- If "Enter" is selected, the cursor position will be set as a destination.
- If a destination has already been set, "Enter" and "Add to Route" will be displayed.
- "Enter": Select to delete the existing destination(s) and set a new one.
- "Add to Route": Select to add a destination.
- To edit an address book entry, select "Edit". (See "EDITING ADDRESS BOOK ENTRIES" on page 114.)
- To delete an address book entry, select "Delete".
- If "" is selected, the registered phone number can be called.
1 BÁSICA DE INFORMACIÓN ANTES DE OPERACIÓN

■ DESTINACIÓN DE INFORMACIÓN
  Cuando el cursor está en un icono de destino, el nombre y “Info” se despliegan en la parte superior de la pantalla.

1. Seleccionar “Info”.

2. Información como el nombre, dirección, posición y número de teléfono se despliegan.

- Para eliminar un destino, seleccionar “Eliminar”.

- Si se selecciona el icono de teléfono, el número de teléfono registrado se puede llamar.

■ XM NavTraffic® INFORMACIÓN DE TEXTO
  Cuando el icono XM NavTraffic® se selecciona en la pantalla del mapa, la barra de información XM NavTraffic® aparecerá en la parte superior de la pantalla.

1. Seleccionar “Info”.

2. La información de tráfico se despliega en la pantalla.

- Para desplegar información detallada del evento de tráfico, seleccionar “Detalles”.

- Si el icono de teléfono se selecciona, el número de teléfono registrado se puede llamar.
### SWITCHING THE SCREENS

Any of the screen configurations can be selected.

1. Select **“Map Mode”**.

2. Select the screen buttons to select the desired configuration.

- Depending on the conditions, certain screen configuration buttons cannot be selected.

<table>
<thead>
<tr>
<th>Screen button</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>“Map Only”</strong></td>

<td>Select to display the turn-by-turn arrow screen. (See page 91.)</td>
</tr>
</tbody>
</table>
### SCREEN CONFIGURATIONS

#### MAP ONLY

This is a regular map screen.

- The screen shows the single map.
- While on a different screen, selecting “Map Only” will display the single map screen.

#### DUAL MAP

The map screen can be split into two.

- This screen shows the dual map. The map on the left is the main map.
- While on a different screen, selecting “Dual map” will display the dual map screen.

### EDITING RIGHT MAP

The right side map can be edited by selecting any point on the right side map.

1. Select the desired screen button.

- The following procedures can be performed on this screen:

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Changing the orientation of the map</td>
</tr>
<tr>
<td>2</td>
<td>Displaying POI icons</td>
</tr>
<tr>
<td>3</td>
<td>Showing XM NavTraffic® information (See page 176.)</td>
</tr>
<tr>
<td>4</td>
<td>Displaying eDestination icons (See page 201.)</td>
</tr>
<tr>
<td>5</td>
<td>Changing the map scale</td>
</tr>
</tbody>
</table>

2. Select “OK” when editing is completed.
- The screen returns to the dual map screen.
1. Basic Information Before Operation

**MAP SCALE**

1. Select  or  to change the scale of the map screen.

- The scale bar and indicator at the bottom of the screen indicate the map scale menu. The scale range is from 150 ft. (50 m) to 250 miles (400 km).
- Select and hold  or  to continue changing the scale of the map screen.
- The scale of the map screen can be changed by selecting the scale bar directly. This function is not available while driving.

**FOOT PRINT MAP**

For the area which is covered by the foot print map (Some areas in the following cities: Detroit, Chicago, N.Y., L.A), you can switch to the foot print map on a scale of 75 ft. (25 m).

**TO SWITCH TO THE FOOT PRINT MAP**

1. To display the foot print map, select .

- To delete the foot print map display, select .

**INFORMATION**

- Press the “A” button on the Remote Touch to zoom in on the map screen and “V” to zoom out.
- The map scale is displayed under the north-up or heading-up symbol at the top left of the screen.
- When the map scale is at the maximum range of 250 miles (400 km),  is not shown. When the map scale is at the minimum range of 150 ft. (50 m),  is not shown. In areas where the foot print map is available the mapscale changes from  to  when at the minimum range.

Building footprints in the database were created and provided by MAPMASTER.
1. BASIC INFORMATION BEFORE OPERATION

TO DISPLAY BUILDING INFORMATION

Information is available only for buildings for which information is recorded on the map data.

1. Select “Info” while the footprint map is displayed.

- Details of POIs in some buildings may be displayed.
- For detailed POI information, select the building name. You can see details of the selected POIs.

ORIENTATION OF THE MAP

The orientation of the map can be changed from north-up to heading-up by selecting the orientation symbol at the top left of the screen.

1. Select  or .

- North-up screen

- Heading-up screen

    : North-up symbol
    Regardless of the direction of vehicle travel, north is always up.

    : Heading-up symbol
    The direction of vehicle travel is always up.

- Both the north-up and heading-up symbols display the vehicle's direction as a letter (e.g. N for north).

2 BASIC FUNCTION

CHANGING THE STARTUP IMAGE

When the engine <power> switch is in ACCESSORY or IGNITION ON <ON> mode, the initial screen will be displayed.

The startup image can be selected from 3 preregistered movies.

Also, an image can be copied from a USB memory and used as the startup image. (For information regarding the opening image, see "INITIAL SCREEN" on page 32.)
2. SETUP

TRANSMITTING DATA

1. Open the console box.

2. Open the cover and connect a USB memory.

3. Turn on the power of the USB memory if it is not turned on.

4. Close the console box.

5. Press the “MENU” button on the Remote Touch, then select “Setup”.

7. Select “Customize Startup Image”.

8. Select “Transfer”.

INFORMATION

- When saving the images to a USB, name the folder that the startup image is saved to “StartupImage” and name the folder that the screen off image is saved to “DisplayOffImage”. If these folder names are not used, the navigation system cannot download the images. (The folder names are case sensitive.)
- The images file extension is JPG or JPEG.
- The images file name, including the file extension, can be up to 32 characters.
- Image files of 10 MB or less can be saved.
- Up to 3 images can be downloaded.

- Turn on the power of the USB memory if it is not turned on.

1. Open the console box.

2. Open the cover and connect a USB memory.

3. Turn on the power of the USB memory if it is not turned on.

4. Close the console box.

5. Press the “MENU” button on the Remote Touch, then select “Setup”.

7. Select “Customize Startup Image”.

8. Select “Transfer”.

- Turn on the power of the USB memory if it is not turned on.

3. Close the console box.

4. Press the “MENU” button on the Remote Touch, then select “Setup”.

5. Select “General” on the “Setup” screen.

6. Select “Customize Startup Image”.

7. Select “Transfer”.

8. Select “Yes”.

INFORMATION

- When saving the images to a USB, name the folder that the startup image is saved to “StartupImage” and name the folder that the screen off image is saved to “DisplayOffImage”. If these folder names are not used, the navigation system cannot download the images. (The folder names are case sensitive.)
- The images file extension is JPG or JPEG.
- The images file name, including the file extension, can be up to 32 characters.
- Image files of 10 MB or less can be saved.
- Up to 3 images can be downloaded.
2. SETUP

■ SETTING THE STARTUP IMAGE
1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “General” on the “Setup” screen.
3. Select “Customize Startup Image” on the “General Settings” screen.
4. Select the desired image.
5. Select “Save”.

■ DELETING TRANSFERRED IMAGES
1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “General” on the “Setup” screen.
3. Select “Customize Startup Image” on the “General Settings” screen.
4. Select “Delete All”.
5. Select “Yes”.

■ TRANSFERRING DATA
1. Open the console box.
2. Open the cover and connect a USB memory.
   - Turn on the power of the USB memory if it is not turned on.
3. Close the console box.

CHANGING THE SCREEN OFF IMAGE
Select “Screen Off” to turn off the screen. An image can be copied from a USB memory and can be set to display when “Screen Off” is selected. (For more information on “Screen Off”, see “SCREEN ADJUSTMENT” on page 38.)
4 Press the “MENU” button on the Remote Touch, then select “Setup”.
5 Select “General” on the “Setup” screen.
6 Select “Customize Screen Off Image”.

7 Select “Transfer”.

8 Select “Yes”.

■ SETTING THE SCREEN OFF IMAGE
1 Press the “MENU” button on the Remote Touch, then select “Setup”.
2 Select “General” on the “Setup” screen.
3 Select “Customize Screen Off Image” on the “General Settings” screen.
4 Select the desired image.

5 Select “Save”.

■ DELETING TRANSFERRED IMAGES
1 Press the “MENU” button on the Remote Touch, then select “Setup”.
2 Select “General” on the “Setup” screen.
3 Select “Customize Screen Off Image” on the “General Settings” screen.
4 Select “Delete All”.
5 Select “Yes”.
2. SETUP

POINTER SOUND VOLUME SETTINGS

The pointer sound volume can be adjusted.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “General” on the “Setup” screen.
3. Select “Pointer Sound Volume”.
4. Select the desired button.
5. Select “OK”.
6. Select “Save”.

SETTING A FEEDBACK FORCE

When the pointer moves close to a button, it will be automatically pulled onto that button. The strength of this pull can be adjusted.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “General” on the “Setup” screen.
3. Select “Feedback Force”.
4. Select “+” or “-”.
5. Select “OK”.
6. Select “Save”.

POINTER SOUND VOLUME SETTINGS

SETTING A FEEDBACK FORCE
2. SETUP

DELETING PERSONAL DATA

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “General” on the “Setup” screen.
3. Select “Delete Personal Data”.

4. Select “Delete”.

5. Select “Yes”.

- The following personal data can be deleted or returned to their default settings:
  - Maintenance conditions
  - Maintenance information off setting
  - Address book
  - Areas to avoid
  - Previous points
  - Route guidance
  - Route trace
  - Phonebook data
  - Call history data
  - Speed dial data
  - Bluetooth® phone data
  - Phone sound settings
  - Phone display settings
  - Message settings
  - Audio setting
  - Bluetooth® audio setting

</tbody>
</table>

**VOICE VOLUME**

The voice guidance volume can be adjusted or switched off.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Voice” on the “Setup” screen.
3. Select the desired level by selecting the appropriate number.

• If voice guidance is not needed, select “Off” to disable the feature.
4. Select “Save”.

No. Function

The voice guidance volume can be adjusted or switched off.
2. SETUP

TRAFFIC INCIDENT WARNING

Traffic congestion information can be received via voice guidance while being guided to the desired destination.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Voice” on the “Setup” screen.
3. Select “On” of “Traffic Incident Warning”.

4. Select “Save”.

INFORMATION

- When the “Traffic Information” indicator is dimmed, “Avoid Traffic”, “Traffic Incident Warning” and “Show Free Flowing Traffic” will not operate.

1. DESTINATION SEARCH

1. DESTINATION SEARCH

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination”.

3. This screen is displayed.

• One of 11 different methods can be used to search a destination. (See pages 67 through 83.)

INFORMATION
• When searching a destination, the response to the screen button may be slow.

SELECTING THE SEARCH AREA

The selected state (province) can be changed to set a destination from a different state (province) by using “Address”, “Point of Interest” or “Intersection & Freeway”.

1. Select “Change State/Province” to display a list of the states/provinces/territories of the United States and Canada.

2. Select the desired state (province).

• For map database information and updates, see “MAP DATABASE VERSION AND COVERAGE AREA” on page 156.

• If a state (province) has not been selected yet, “Select State/Province” is displayed.

• The previous screen will be displayed.
1. DESTINATION SEARCH

DESTINATION SEARCH BY HOME

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
3. Select “Go Home”.

- Your home address is set as the destination. The navigation system performs a search for the route.
4. Select “OK”.

(Informations)
- If a home address has not been registered, a message confirming if it is desirable to set a home will be displayed, and the setting screen will appear.
- Guidance starts from the current position to the set home address if “OK” is selected even while driving.

DESTINATION SEARCH BY PRESET DESTINATIONS

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
3. Select any of the preset destination buttons (1-5) on the “Destination” screen.

- The selected preset destination point is set as the destination. The navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)
4. Select “OK”.

(Informations)
- To use this function, it is necessary to set preset destinations to the preset screen buttons (1-5). (See “REGISTERING PRESET DESTINATIONS” on page 110.)
1. DESTINATION SEARCH

(INFORMATION)
- If a preset destination point has not been registered, a message confirming if it is desirable to set a preset destination will be displayed, and the setting screen will appear.
- Guidance starts from the current position to the preset destination point if “OK” is selected even while driving.

DESTINATION SEARCH BY “Address”

There are 2 methods to search a destination by address:
(a) Search by city
(b) Search by street address

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
4. Select a screen button to select the desired search method.

1. Press the “MENU” button on the Remote Touch, then select “Destination”.
2. Select “Address” on the “Destination” screen.
3. Select “City”.
4. Input a city name.
5. Select the screen button of the desired city name from the displayed list.

SELECTING A CITY TO SEARCH
6. Input the street name and select “OK”.

7. When the desired street name is found, select the corresponding screen button.

8. Input a house number.

9. Searching from the Last 5 Cities

1. Select “Last 5 Cities”.

2. Select the screen button of the desired city name from the displayed list.

- When the desired street name is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)

- If the same address exists in more than one city, the current screen changes to the address list screen.

- If the navigation system has never been used, this function will not be available.
1. DESTINATION SEARCH

**SEARCH BY STREET ADDRESS**

1. Press the “MENU” button on the Remote Touch, then select “Destination”.

2. Select “Address” on the “Destination” screen.

3. Select “Street Address”.

4. Select numbers directly on the screen to input the house number.

   - After inputting the house number, select “OK” to display the screen for inputting the street name.

5. Input the street name and select “OK”.

6. When the desired street name is found, select the corresponding screen button.

   - When the desired street name is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)

   - If the same address exists in more than 1 city, a screen requesting the city name to be input or selected will be displayed.

7. Input a city name.

8. Select the screen button of the desired city name from the displayed list.
Press the "MENU" button on the Remote Touch. (See "Remote Touch" on page 10.)

2. Select "Destination" on the "Menu" screen.

3. Select "Point of Interest" on the "Destination" screen.

4. Select a screen button to select the desired search method.

5. Input the name of the POI.

When the desired destination is selected, the "Confirm Destination" screen may be displayed. If "Go" is selected on the "Confirm Destination" screen, the navigation system performs a search for the route. (See "STARTING ROUTE GUIDANCE" on page 85.)

When inputting the name of a specific Point of Interest, and there are 2 or more sites with the same name, the list screen is displayed.
6 Select the screen button of the desired destination.

![POI Name screen]

- If the same name exists in more than one city, a search can be performed more easily using “City” or “Category”. (See “SELECTING A CITY TO SEARCH” on page 68 and “SELECTING FROM THE CATEGORIES” on page 73.)

- The desired Point of Interest can be displayed on the map screen. (See “DISPLAY POI ICONS” on page 103.)

**INFORMATION**

- To search for a facility name using multiple search words, put a space between each word.

---

**SELECTING A CITY TO SEARCH**

1 Select “City”.

![City Name screen]

2 Input the city name.

- To cancel the city setting, select “Any City”.

3 Select the screen button of the desired city name from the displayed list.
SELECTING FROM THE CATEGORIES

1. Select “Category”.

2. Select the screen button of the desired category.

   • If the desired POI category is on the screen, select its screen button to display a detailed list of the POI category.
   • If the desired POI category is not on the screen, select “List All Categories” to list all POI categories.

   • When the desired category is selected, the POI name list screen is displayed.

SEARCH BY “Category”

1. Press the “MENU” button on the Remote Touch, then select “Destination”.

2. Select “Point of Interest” on the “Destination” screen.

3. Select “Category”.

4. This screen is displayed.

   • Set the search point by one of the following methods:
     • Set the search point from near the current position
     • Set the search point from along the selected route
     • Set the search point from near a city center
     • Set the search point from near a destination

The destination can be set by selecting the search point and the POI category.
1. DESTINATION SEARCH

**INFORMATION**
- The names of POIs located within approximately 200 miles (320 km) from the selected search point can be displayed.

■ SETTING THE SEARCH POINT FROM NEAR HERE
1. Select "Near Here".
- The search point is set at the current position, and the "POI Category" screen will be displayed. (See page 76.)

■ SETTING THE SEARCH POINT FROM ALONG MY ROUTE
1. Select "Along My Route".
- The search point is set and the "POI Category" screen will be displayed. (See page 76.)

■ SETTING THE SEARCH POINT FROM NEAR CITY CENTER
1. Select "Near a City Center in XX".
2. Input the city center name.
3. Select the screen button of the desired city center name.

- The search point is set and the "POI Category" screen will be displayed. (See page 76.)
* XX represents the selected search area name.
1. DESTINATION SEARCH

**SELECTING FROM THE LAST 5 CITIES**

1. Select “Near a City Center in XX”.
2. Select “Last 5 Cities”.
3. Select the screen button of the desired city center name.

- The search point is set and the “POI Category” screen will be displayed. (See page 76.)
  
*: XX represents the selected search area name.

**SETTING THE SEARCH POINT FROM NEAR A DESTINATION**

1. Select “Near a Destination”.
2. Select the screen button of the desired destination.

- The search point is set and the “POI Category” screen will be displayed. (See page 76.)
1. DESTINATION SEARCH

TO SEARCH FOR POIs NEAR THE SEARCH POINT

When the search point is set, the "POI Category" screen will be displayed.

1 Select the desired POI category.

- If the desired POI category is not on the screen, select "List All Categories" to list all POI categories.
- If "Favorite POI Categories" is selected, a search can be performed using the 6 POIs that have been previously set. For more details, see "POI CATEGORY CHANGE (SELECT POI ICONS)" on page 126.

2 Select the desired POI category from the list.

3 Select the screen button of the desired item.

- When the desired item is selected, the "Confirm Destination" screen may be displayed. If "Go" is selected on the "Confirm Destination" screen, the navigation system performs a search for the route. (See "STARTING ROUTE GUIDANCE" on page 85.)
1. DESTINATION SEARCH

SEARCH BY “Phone #”

1. Press the “MENU” button on the Remote Touch, then select “Destination”.
2. Select “Point of Interest” on the “Destination” screen.
3. Select “Phone #” on the “Point of Interest” screen.
4. Input a phone number.
5. After inputting a phone number, select “OK”.

● When a phone number is input, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)
● If there is more than one site with the same number, the following screen will be displayed.

SEARCH BY “eDestination”

1. Press the “MENU” button on the Remote Touch, then select “Destination”.
2. Select “Point of Interest” on the “Destination” screen.
3. Select “eDestination” on the “Point of Interest” screen.

● To set an address book entry as a destination using the phone number, the number must already be registered with the address book entry. (See page 116.)
● If there is no match for the phone number input, a list of identical numbers with different area codes will be displayed.

INFORMATION

● With the eDestination feature, you can go online, via the Lexus.com owner’s Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle’s navigation system. You can store up to 200 locations online to access and update at any time. Your locations can be organized into up to 20 folders. (See “eDestination” on page 199.)
**DESTINATION SEARCH**

<td></td>
</tr>
</tbody>
</table>
1. DESTINATION SEARCH

**DESTINATION SEARCH BY “Address Book”**

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
4. Select the screen button of the desired address book entry.

- A list of registered address book entries is displayed.

**DESTINATION SEARCH BY “Emergency”**

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.

- The display changes to a screen to select police stations, dealers, hospitals or fire stations.
4. Select the desired emergency category.

- The selected emergency category is displayed.

**Note:** The list of previous destinations can also be deleted by selecting “Delete Previous Dest.” on the “Navigation Settings” screen when the vehicle is stopped. (See “DELETING PREVIOUS DESTINATIONS” on page 122.)

- When the desired address book entry is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)
5 Select the screen button of the desired destination.

![Hospitals Screen]

- When the desired destination entry is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)

**INFORMATION**
- The navigation system does not guide in areas where route guidance is unavailable. (See page 138.)
- The emergency function can be used even while driving.
- While driving, only the currently displayed items and the items on the next page can be viewed.

### DESTINATION SEARCH BY “Intersection & Freeway”

There are 2 methods to search a destination by Intersection & Freeway:
(a) Search by intersection
(b) Search by freeway

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
4. Select a screen button to select the desired method.
1. DESTINATION SEARCH

**SEARCH BY “Intersection”**

1. Press the “MENU” button on the Remote Touch, then select “Destination”.

2. Select “Intersection & Freeway” on the second page of the “Destination” screen.

4. Input the name of the first intersecting street which is located near the destination to be set, and select “OK”.

5. Select the screen button of the desired item.

6. Input the name of the second intersecting street.

7. Select the screen button of the desired item.

- When the desired item is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)

- If the same 2 streets cross at more than 1 intersection, the screen changes and displays the menu to select the city name where the streets intersect. Select the city, and the map location of the selected destination and the route preference. (See “STARTING ROUTE GUIDANCE” on page 85.)
1. DESTINATION SEARCH

SEARCH BY “Freeway Entrance / Exit”

1. Press the “MENU” button on the Remote Touch, then select “Destination”.
2. Select “Intersection & Freeway” on the second page of the “Destination” screen.
4. Input a freeway name.
5. Select the screen button of the desired freeway.
6. Select a freeway “Entrance” or “Exit”.
7. Input a freeway entrance or exit name, and select “OK”.
8. Select the screen button of the desired entrance or exit name.

When the desired entrance or exit is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)

INFORMATION

- Be sure to use the complete name of the freeway or highway, including the hyphen, when entering the destination. Freeways and interstates use an “I” (I-405). US highways use the state designation before the number (CA-118).
1. DESTINATION SEARCH

### DESTINATION SEARCH BY “Map”

1. Press the "MENU" button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
3. Select “Map” on the second page of the “Destination” screen.
4. Scroll the map to the desired point.
5. Select “Go to”.
   - The navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)
   - Guidance starts if “OK” is selected even while driving. However, the cursor cannot be moved.

### DESTINATION SEARCH BY “Coordinates”

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Destination” on the “Menu” screen.
3. Select “Coordinates” on the second page of the “Destination” screen.
4. Input the latitude and the longitude.
5. After inputting the latitude and longitude, select “OK”.
   - When the desired screen button is selected, the “Confirm Destination” screen may be displayed. If “Go” is selected on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 85.)
1. DESTINATION SEARCH

DELETING SET DESTINATIONS

A set destination can be deleted.

1. Press the "MENU" button on the Remote Touch. (See "Remote Touch" on page 10.)

2. Select "Destination" on the "Menu" screen.

   - When more than 1 destination is set, a list will be displayed on the screen.

4. Select the destination to be deleted.

"Delete All": Select to delete all destinations on the list.

5. Select "Yes" to delete the destination(s).

- A message appears to confirm the request to delete.
- If "Yes" is selected, the data cannot be recovered. If more than 1 destination has been set, the system will recalculate the route(s) to the set destination(s) as necessary.
- If "No" is selected, the previous screen will be displayed.

"Delete All": Select to delete all destinations on the list.

Set destinations can also be deleted by selecting "Route". (See "DELETING DESTINATIONS" on page 97.)
1. DESTINATION SEARCH

2. STARTING ROUTE GUIDANCE

When “Map” is selected on the “Confirm Destination” screen, the map screen will be displayed. The map location of the selected destination can be set as a destination.

1. Scroll the map to the desired point.

“Adjust Location”. Select to adjust the position in smaller increments.

- When an arrow facing the desired point is selected, the map scrolls in that direction.
- When the screen button is released, the scrolling stops.

2. Select “Go to”.

- The system starts route search and displays recommended routes.

3. To start guidance, select “OK”.

- If a destination has already been set, “Go to” and “Add to Route” will be displayed.
“Go to”: Select to delete the existing destination(s) and set a new one.
“Add to Route”: Select to add a destination.
“Info”: If this screen button is displayed on the top of the screen, select it to view items such as name, address, position and phone number.

### 1. DESTINATION SEARCH

#### No. | Function
--- | ---
5 | Select to display a list of the turns required to reach the destination.
6 | To select the desired route from 3 possible routes. (See page 87.)
7 | Select to change the route. (See page 88.)

- Guidance can be paused or resumed. (See “PAUSING AND RESUMING GUIDANCE” on page 102.)
- If “OK” is selected until a beep sounds, demo mode will start. Press the “MAP/VOICE” button on the Remote Touch to end demo mode.

#### CAUTION

- Be sure to obey traffic regulations and keep road conditions in mind while driving. If a traffic sign on the road has been changed, the route guidance may not indicate such changed information.

#### INFORMATION

- The route for returning may not be the same as that for going.
- The route guidance to the destination may not be the shortest route nor a route without traffic congestion.
- Route guidance may not be available if there is no road data for the specified location.
- When setting the destination on a map with a scale larger than 0.5 miles (800 m), the map scale changes to 0.5 miles (800 m) automatically. If this occurs, set the destination again.
- If a destination that is not located on a road is set, the vehicle will be guided to the point on a road nearest to the destination. The road nearest to the point selected is set as the destination.

**INFORMATION**

- Even if the “Freeways” indicator is dimmed, the route cannot avoid including a freeway in some cases.
- If the calculated route includes a trip by ferry, the route guidance shows a sea route. After you travel by ferry, the current position may be incorrect. Upon reception of GPS signals, it is automatically corrected.
2. ROUTE GUIDANCE

1. ROUTE GUIDANCE SCREEN

During route guidance, various types of guidance screens can be displayed depending on conditions.

SCREEN LAYOUT

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Distance to the next turn and an arrow indicating the turning direction</td>
</tr>
<tr>
<td>2</td>
<td>Guidance route</td>
</tr>
<tr>
<td>3</td>
<td>Current position</td>
</tr>
<tr>
<td>4</td>
<td>Distance and travel/arrival time to the destination</td>
</tr>
<tr>
<td>5</td>
<td>Current street name</td>
</tr>
</tbody>
</table>

INFORMATION

- If the vehicle goes off the guidance route, the route is searched again.
- For some areas, the roads have not been completely digitized in our database. For this reason, the route guidance may select a road that should not be traveled on.
- When arriving at the set destination the destination name will be displayed on the top of the screen. Selecting "Off" clears the display.
- When the head-up display is on, turn-by-turn guidance arrows will be displayed on the windshield.

DURING FREEWAY DRIVING

During freeway driving, the freeway exit information screen will be displayed. This screen displays the distance to the next junction/exit, or POIs in the vicinity of the freeway exit.

<table>
<thead>
<tr>
<th>No./Icon</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Distance from the current position to the exit or junction</td>
</tr>
<tr>
<td>2</td>
<td>Exit number and junction name</td>
</tr>
<tr>
<td>3</td>
<td>Current position</td>
</tr>
<tr>
<td>4</td>
<td>Points of Interest that are close to a freeway exit</td>
</tr>
<tr>
<td>5</td>
<td>Current street name</td>
</tr>
<tr>
<td>6</td>
<td>Select to display the selected map of the exit vicinity.</td>
</tr>
<tr>
<td>7</td>
<td>Select to scroll to farther junctions or exits.</td>
</tr>
<tr>
<td>8</td>
<td>Select to scroll to closer junctions or exits.</td>
</tr>
<tr>
<td>9</td>
<td>Select to display the closest 3 junctions or exits.</td>
</tr>
</tbody>
</table>
2. ROUTE GUIDANCE

WHEN APPROACHING A FREEWAY EXIT OR JUNCTION

When the vehicle approaches an exit or junction, the freeway guidance screen will be displayed.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Next street name</td>
</tr>
<tr>
<td>2</td>
<td>Current position</td>
</tr>
<tr>
<td>3</td>
<td>Distance from the current position to the exit or junction</td>
</tr>
</tbody>
</table>

Select to hide the freeway guidance screen.

WHEN APPROACHING AN INTERSECTION

When the vehicle approaches an intersection, the intersection guidance screen will be displayed.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Next street name</td>
</tr>
<tr>
<td>2</td>
<td>Current position</td>
</tr>
<tr>
<td>3</td>
<td>Distance to the intersection</td>
</tr>
</tbody>
</table>

Select "Intersection", or press the "MAP/VOICE" button on the Remote Touch, to change back to the freeway guidance screen.

Select to hide the intersection guidance screen.

Select "Intersection", or press the "MAP/VOICE" button on the Remote Touch, to change back to the intersection guidance screen.
2. ROUTE GUIDANCE

■ OTHER SCREENS

■ TURN LIST SCREEN

On this screen, the list of turns on the guidance route can be viewed.

1. Select “Turn List” during guidance to display the turn list.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Turn direction</td>
</tr>
<tr>
<td>2</td>
<td>Distance between turns</td>
</tr>
<tr>
<td>3</td>
<td>Next street or destination name</td>
</tr>
<tr>
<td>4</td>
<td>Current street name</td>
</tr>
</tbody>
</table>

■ ARROW SCREEN

On this screen, information about the next turn on the guidance route can be viewed.

1. Select “Turn-by-Turn Arrow” during guidance to display the arrow screen.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Exit number or street name</td>
</tr>
<tr>
<td>2</td>
<td>Turn direction</td>
</tr>
<tr>
<td>3</td>
<td>Distance to the next turn</td>
</tr>
<tr>
<td>4</td>
<td>Current street name</td>
</tr>
</tbody>
</table>
2. ROUTE GUIDANCE

2. TYPICAL VOICE GUIDANCE PROMPTS

As the vehicle approaches an intersection, or point, where maneuvering the vehicle is necessary, the system’s voice guidance will provide various messages.

<table>
<thead>
<tr>
<th>No.</th>
<th>Voice guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>&quot;Proceed about 5 miles to Main street.&quot;</td>
</tr>
<tr>
<td>2</td>
<td>&quot;In half of a mile, right turn onto Main street.&quot;</td>
</tr>
<tr>
<td>3</td>
<td>&quot;Next right.\n&quot;Right turn ahead.\n&quot;</td>
</tr>
<tr>
<td>4</td>
<td>(Beep sound only)</td>
</tr>
</tbody>
</table>

(INFORMATION)

- The street names may not be pronounced correctly or clearly due to the text-to-speech function.
- On freeways, interstates or other highways with higher speed limits, the voice guidance will be made at earlier points than on city streets in order to allow time to maneuver the vehicle.
2. ROUTE GUIDANCE

The system indicates a U-turn if the distance between two one-way roads (of opposite directions) is less than 50 ft. (15 m) in residential areas or 164 ft. (50 m) in non-residential areas.

- The system announces the approach to the final destination.

<table>
<thead>
<tr>
<th>No.</th>
<th>Voice guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>“In half of a mile, your destination is ahead.”</td>
</tr>
<tr>
<td>2</td>
<td>“Your destination is ahead.”</td>
</tr>
<tr>
<td>3</td>
<td>“You have arrived at your destination. The route guidance is now finished.”</td>
</tr>
<tr>
<td></td>
<td>(Beep sound only)</td>
</tr>
</tbody>
</table>

- If a voice guidance command cannot be heard, press the “MAP/VOICE” button on the Remote Touch to hear it again.
- To adjust the voice guidance volume, see “VOICE VOLUME” on page 62.

INFORMATION

- If the system cannot determine the current position correctly (in cases of poor GPS signal reception), the voice guidance may be early or late.
 ROUTES INCLUDING IPD ROADS

After it has made a route calculation, the system will advise the user whether IPD roads are included in the route or not.

The portion of the route that covers IPD roads is indicated by light blue.

**CAUTION**

- Be sure to obey the traffic regulations and keep the road condition in mind especially when you are driving on IPD roads. The route guidance may not have the updated information such as the direction of a one way street.

<table>
<thead>
<tr>
<th>No.</th>
<th>Voice guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>&quot;On the way to your destination, there will be roads with incomplete data.&quot;</td>
</tr>
<tr>
<td>2</td>
<td>&quot;In half of a mile, left turn.&quot;</td>
</tr>
<tr>
<td>3</td>
<td>&quot;Next left. Upcoming roads have incomplete data. Please carefully observe the local traffic restrictions, as they may not match the navigation guidance.&quot;</td>
</tr>
</tbody>
</table>

IPD roads are roads that are not yet completely digitized in our database. However, their geometry, name and administrative coding are already known.
2. ROUTE GUIDANCE

3. DISTANCE AND TIME TO DESTINATION

When the vehicle is on the guidance route, the distance and the estimated travel/arrival time to the destination are displayed. When the vehicle is not on the guidance route, the distance and direction of the destination are displayed.

When driving on the guidance route with more than 1 destination set, the distance and estimated travel/arrival time from the current position to each destination are displayed.

1. Select the screen button indicated by the arrow.

2. Select the number screen button to display the desired destination.

- The distance, estimated travel time and estimated arrival time from the current position to the selected destination are displayed.

<table>
<thead>
<tr>
<th>Icon</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Estimated travel time is displayed." /></td>
<td>Estimated travel time is displayed.</td>
</tr>
<tr>
<td><img src="image" alt="Estimated arrival time is displayed." /></td>
<td>Estimated arrival time is displayed.</td>
</tr>
<tr>
<td><img src="image" alt="Select to switch to estimated arrival time." /></td>
<td>Select to switch to estimated arrival time.</td>
</tr>
<tr>
<td><img src="image" alt="Select to switch to estimated travel time." /></td>
<td>Select to switch to estimated travel time.</td>
</tr>
<tr>
<td><img src="image" alt="Displayed while driving off the guidance route. The destination direction is indicated by an arrow." /></td>
<td>Displayed while driving off the guidance route. The destination direction is indicated by an arrow.</td>
</tr>
</tbody>
</table>

INFORMATION

- When the vehicle is on the guidance route, the distance measured along the route is displayed. Travel time and arrival time are calculated based on the set vehicle speed information. (See “DRIVING SPEEDS” on page 124.) However, when the vehicle is not on the guidance route, the distance is the linear distance between the current position and the destination.
4. SETTING AND DELETING DESTINATIONS

## ADDING DESTINATIONS

Destinations can be added and routes can be searched again.

1. Select “Route”.
2. Select “Add”.
3. Input an additional destination in the same way as a destination search. (See “DESTINATION SEARCH” on page 66.)
4. Select the desired “Add Destination Here” to insert the new destination into the route.

## REORDERING DESTINATIONS

When more than 1 destination is set, the arrival order of the destinations can be changed.

1. Select “Route”.
2. Select “Reorder”.
3. Select the desired destination and select “Move Up” or “Move Down” to change the arrival order.
4. Select “OK”.
5. After selecting the destinations, select “OK”.
   - The system searches for the guidance route again, and displays the entire route.
DELETING DESTINATIONS

A set destination can be deleted.

1. Select “Route”.

2. Select “Delete”.

- When more than 1 destination is set, a list will be displayed on the screen.

3. Select the destination to be deleted.

- “Delete All”: Select to delete all destinations on the list.
  - A message appears to confirm the request to delete.

4. Select “Yes” to delete the destination(s).
  - If “Yes” is selected, the data cannot be recovered. If more than 1 destination has been set, the system will recalculate the route(s) to the set destination(s) as necessary.
  - If “No” is selected, the previous screen will be displayed.
2. ROUTE GUIDANCE

5. SETTING ROUTE

DETOUR SETTING

While the route guidance is operating, the route can be changed to detour around a section of the route where a delay is caused by road repairs, or an accident, etc.

1. Select “Route”.

2. Select “Detour”.

3. Select a screen button to select the desired detour distance.

“1 mile (km), “3 miles (km)” or “5 miles (km)”. Select one of these screen buttons to start the detour process. After detouring, the system returns to the original guidance route.

“Whole Route”: Select to make the system calculate an entire new route to the destination.

“Around Traffic”: Select to make the system search for the route based on the traffic congestion information received from XM NavTraffic®. For details, see “XM NavTraffic®” on page 175.

INFORMATION

● This picture shows an example of how the system would guide around a delay caused by a traffic jam.

1. This position indicates the location of a traffic jam caused by road repairs, an accident, etc.

2. This route indicates the detour suggested by the system.

● When the vehicle is on a freeway, the detour distance selections are 5, 15 and 25 miles (or 5, 15 and 25 km if units are in km).

● The system may not be able to calculate a detour route depending on the selected distance and surrounding road conditions.
2. ROUTE GUIDANCE

ROUTE OVERVIEW

1 Select “Route”.

2 Select “Overview”.

3 The entire route from the current position to the destination is displayed.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Select to display a list of the turns required to reach the destination.</td>
</tr>
<tr>
<td>2</td>
<td>Select to start guidance.</td>
</tr>
</tbody>
</table>

TURN LIST

1 Select  or  to skip to the next page of the list of roads. Select and hold  or  to scroll through the list of roads.

This mark indicates the direction in which you should turn at the intersection.

“Map”: The selected point is displayed on the map screen.

INFORMATION

However, not all road names in the route may appear on the list. If a road changes its name without requiring a turn (such as on a street that runs through 2 or more cities), the name change will not appear on the list. The street names will be displayed in order from the starting point, along with the distance to the next turn.
2. ROUTE GUIDANCE

ROUTE PREFERENCE

TO SELECT ROUTE TYPE

The Preferred, Short or Alternative route can be selected.

1 Select “Route”.

2 Select “Preferences”.

3 Select “Preferred”, “Short” or “Alternate” and select “OK”.

4 The entire route from the starting point to the destination is displayed.

“OK”: Select to start guidance.

“Edit Route”: Select to change a route. (See page 88.)

TO SELECT ROUTE FEATURES

A number of choices are available when setting the conditions the system uses to determine the route to the destination.

1 Select “Route”.

GS350/450h (US) NAVI 30C46U
11.11.17 14:30
2. ROUTE GUIDANCE

2. ROUTE GUIDANCE

2. Select “Preferences” to display conditions that can be selected when the system determines the route to the destination.

3. Select the desired route preference by selecting the screen button.

- The system will avoid using routes that include items whose indicators are off.

4. After selecting the desired route preference, select “OK”.

STARTING ROUTE FROM ADJACENT ROAD

The route guidance can be started from an adjacent road.
(e.g. When route guidance is set on the freeway, but the vehicle is driven parallel along the freeway.)

1. Select “Route”.

2. Select “Preferences”.

3. Select “Start from Adjacent Road”.

INFORMATION
- When there is no adjacent road, this screen button will not be displayed.
2. ROUTE GUIDANCE

PAUSING AND RESUMING GUIDANCE

TO PAUSE GUIDANCE

1. Select “Route”.

2. Select “Pause Guidance”.

● The screen will return to the current position map without route guidance.

(INFORMATION)

● Without route guidance, “Pause Guidance” cannot be used.

TO RESUME GUIDANCE

1. Select “Route”.

2. Select “Resume Guidance”.

● The map screen, with the current position displayed, will be returned to.
SHOW ON MAP

DISPLAY POI ICONS

POI icons such as gas stations and restaurants can be displayed on the map screen. Their location can also be set as a destination and used for route guidance.

1. Select “Show on Map”.

2. Select “Select POI” to display a particular type of POI icon on the screen.

- When the POI icons to be displayed on the map screen have already been set, “Change POI” is displayed.

SELECTING POI ICONS TO BE DISPLAYED

Up to 5 categories of icons can be displayed on the map screen.

1. Select the desired Point of Interest category to display POI location icons on the map screen.

- By selecting the desired POI category and then selecting “OK”, the selected POI icons are displayed on the map screen.
- To turn off the Points of Interest icons on the map screen, select “Clear”.

- “Other POIs”: Select to display other Points of Interest categories if the desired Points of Interest cannot be found on the limited choice screen.
- “Find Local POI”: Select to search for the nearest POIs. Then select one of the categories. The system will list the points within 200 miles (320 km). (See page 104.)
2. ROUTE GUIDANCE

2 Select “Other POIs” on the “Select POI Icons” screen.

- When a POI category is selected from either the limited list or the complete list, the icons of those locations will be displayed on the map screen.

3 Select the desired POI categories.

- The selected category’s icon will appear on the top left of the screen.
- By selecting the desired POI category and then selecting “OK”, the selected POI icons are displayed on the map screen.
- If the desired POI category is not on the screen, select “List All Categories” to list all POI categories.

TO DISPLAY THE LOCAL POI LIST

Points of Interest that are within 200 miles (320 km) of the current position will be listed from among the selected categories.

1 Select “Find Local POI”.

2 Select the screen button of the desired Point of Interest.

- The selected Points of Interest are displayed on the map screen.
- “Near...”: Select to search for Points of Interest near the current position or along the route.
2. ROUTE GUIDANCE

3 NAVIGATION SYSTEM

TO SET A POI AS A DESTINATION

One of the Point of Interest icons can be selected on the map screen as a destination and can be used for route guidance.

1. Directly select the desired Point of Interest icon to set it as a destination.

2. When the desired Point of Interest overlaps with the cursor, select “Enter”.
   - The screen changes and displays the map location of the selected destination and route preference. (See “STARTING ROUTE GUIDANCE” on page 85.)

   No. | Function
   --- | -------------
   1   | Select to display the list of Points of Interest near the current position.
   2   | Select to display the list of Points of Interest along the route.

   TO HIDE POI ICONS

1. Select “Show on Map”.
   - The “POI Icons” indicator is dimmed.
   - The map screen will be displayed with the POI icons hidden.
   - To display the POI icons again, select “POI Icons” on the “Show on Map” screen.

2. Select “POI Icons”.
   - The map will shift so that the icon is centered on the screen and overlaps with the cursor. At this time, the distance from the current position is displayed on the screen. The distance shown is measured as a straight line from the current position to the POI.
2. ROUTE GUIDANCE

ROUTE TRACE

Up to 124 miles (200 km) of the traveled route can be stored and retraced on the display.

(INFORMATION)

● This feature is available when the map scale is more than 30 miles (50 km).

TO START RECORDING THE ROUTE TRACE

1. Select “Show on Map”.

2. Select “Route Trace”.

● The “Route Trace” indicator is highlighted.

TO STOP RECORDING THE ROUTE TRACE

1. Select “Show on Map”.

2. Select “Route Trace”.

● Selecting “Yes” stops recording and the route trace remains displayed on the screen.
● Selecting “No” stops recording and the route trace is erased.
3. ADDRESS BOOK

1. NAVIGATION SETTINGS

Points or areas on the map can be registered.
The registered points can be used on the “Destination” screen. (See “DESTINATION SEARCH BY HOME” on page 67, and “DESTINATION SEARCH BY “Address Book,”” on page 79.)
Registered areas to avoid, will be avoided when the system searches for a route.

1 Press the “MENU” button on the Remote Touch.

2 Select “Setup”.

3 Select “Navigation”.

4 Select the desired items to be set.

- On this screen, the following operations can be performed:

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Select to set home.</td>
<td>108</td>
</tr>
<tr>
<td>2</td>
<td>Select to set preset destinations.</td>
<td>110</td>
</tr>
<tr>
<td>3</td>
<td>Select to set the address book.</td>
<td>113</td>
</tr>
<tr>
<td>4</td>
<td>Select to set areas to avoid.</td>
<td>117</td>
</tr>
<tr>
<td>5</td>
<td>Select to delete previous destinations.</td>
<td>122</td>
</tr>
<tr>
<td>6</td>
<td>Select to set detailed navigation settings.</td>
<td>123</td>
</tr>
</tbody>
</table>
3. ADDRESS BOOK

SETTING UP THE “Home”

If home has been registered, that information can be recalled by selecting “Go Home” on the “Destination” screen. (See “DESTINATION SEARCH BY HOME” on page 67.)

1 Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2 Select “Setup” on the “Menu” screen.
3 Select “Navigation” on the “Setup” screen.
4 Select “Home”.
5 Select the desired screen button.

REGISTERING HOME

1 Press the “MENU” button on the Remote Touch, then select “Setup”.
2 Select “Navigation” on the “Setup” screen.
3 Select “Home” on the “Navigation Settings” screen.
4 Select “Set Home”.
5 Select the desired screen button and enter the location in the same way as for a destination search. (See “DESTINATION SEARCH” on page 66.)

- When registration of home is completed, the “Edit Home” screen will be displayed.
6 Select “OK”.

- To edit registered information, see “EDITING HOME” on page 109.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Registering home</td>
<td>108</td>
</tr>
<tr>
<td>2</td>
<td>Editing home</td>
<td>109</td>
</tr>
<tr>
<td>3</td>
<td>Deleting home</td>
<td>109</td>
</tr>
</tbody>
</table>
**EDITING HOME**

1. Press the "MENU" button on the Remote Touch, then select "Setup".
2. Select "Navigation" on the "Setup" screen.
4. Select "Edit".
5. Select "Edit" next to the item to be edited.

**DELETING HOME**

1. Press the "MENU" button on the Remote Touch, then select "Setup".
2. Select "Navigation" on the "Setup" screen.
4. Select "Delete".
5. Select "Yes" to delete home and select "No" to cancel the deletion.

---

**Table:**

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>To edit the home name. The name can be displayed on the map.</td>
<td>115</td>
</tr>
<tr>
<td>2</td>
<td>To edit location information.</td>
<td>116</td>
</tr>
<tr>
<td>3</td>
<td>To edit the phone number.</td>
<td>116</td>
</tr>
<tr>
<td>4</td>
<td>To change the icon to be displayed on the map.</td>
<td>115</td>
</tr>
</tbody>
</table>

"Show Name on Map": The name of a home can be set to be displayed on the map by selecting "On" or "Off". (See page 116.)

6. Select "OK".
3. ADDRESS BOOK

SETTING UP THE “Preset Destinations”

If preset destination has been registered, that information can be recalled by using "Preset Destinations" on the "Navigation Settings" screen. (See "DESTINATION SEARCH BY PRESET DESTINATIONS" on page 67.)

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Setup” on the “Menu” screen.
4. Select “Preset Destinations”.
5. Select the desired screen button.

REGISTERING PRESET DESTINATIONS

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “Set”.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Registering a preset destination</td>
<td>110</td>
</tr>
<tr>
<td>2</td>
<td>Editing a preset destination</td>
<td>111</td>
</tr>
<tr>
<td>3</td>
<td>Deleting a preset destination</td>
<td>112</td>
</tr>
</tbody>
</table>

REGISTERING PRESET DESTINATIONS
5 Select the desired screen button and enter the location in the same way as for a destination search. (See “DESTINATION SEARCH” on page 66.)

6 Select a position for this preset destination.

- When registration of a preset destination is completed, the “Edit Preset Destination” screen will be displayed.

7 Select “OK”.

- To edit registered information, see “EDITING PRESET DESTINATIONS” on page 111.

---

**EDITING PRESET DESTINATIONS**

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Navigation” on the “Setup” screen.

3 Select “Preset Destinations” on the “Navigation Settings” screen.

4 Select “Edit”.

5 Select the screen button of the desired preset destination.
6 Select “Edit” next to the item to be edited.

4 Select “Delete”.

5 Select the preset destination to be deleted.

7 Select “OK”.

### DELETING PRESET DESTINATIONS

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Navigation” on the “Setup” screen.

3 Select “Preset Destinations” on the “Navigation Settings” screen.

### Screen button | Function
--- | ---
“Select All” | To select all preset destinations.
“Unselect All” | Select to cancel the “Select All” function.

“Show Name on Map”: The name of a preset destination can be set to be displayed on the map by selecting “On” or “Off”. (See page 116.)

6 Select “Delete”.

7 Select “Yes” to delete the preset destination and select “No” to cancel the deletion.
### SETTING UP THE “Address Book”

Points or areas on the map can be registered.

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)
2. Select “Setup” on the “Menu” screen.
4. Select “Address Book”.
5. Select the desired screen button.

### REGISTERING ADDRESS BOOK ENTRIES

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “New”.
5. Select the desired screen button and enter the location in the same way as for a destination search. (See “DESTINATION SEARCH” on page 66.)
6. Select “OK”.

- After the address book entry has been registered, the “Edit Address Book Entry” screen will be displayed.
- To edit registered information, see “EDITING ADDRESS BOOK ENTRIES” on page 114.

<table>

</table>
3. ADDRESS BOOK

INFORMATION

● Up to 100 address book entries can be registered.

EDITING ADDRESS BOOK ENTRIES

The icon, name, location and/or phone number of a registered address book entry can be edited.

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Navigation” on the “Setup” screen.

3 Select “Address Book” on the “Navigation Settings” screen.

4 Select “Edit”.

5 Select the screen button of the desired address book entry.

6 Select “Edit” next to the item to be edited.

“Show Name on Map”: The name of an address book entry can be set to be displayed on the map by selecting “On” or “Off”. (See page 116.)

7 Select “OK”.

<table>
<thead>
<tr>
<th>No.</th>
<th>Function</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>To edit the address book entry name. The name can be displayed on the map.</td>

</table>
3. ADDRESS BOOK

■ TO CHANGE “Icon”
1 Select “Edit”.
   ![Edit Address Book Entry]
2 Select the desired icon.
   ![Address Book Entry Icon]
   - Change pages by selecting the “Page 1”, “Page 2” or “With Sound” tab.

■ SOUND ICONS
   A sound for some address book entries can be set. When the vehicle approaches the location of the address book entry, the selected sound will be heard.
1 Select the “With Sound” tab on the “Address Book Entry Icon” screen.
2 Select the desired sound icon.
   ![Address Book Entry Icon]
   - The next screen appears when “Bell (with Direction)” is selected.

3 Select either ▲ or ▼ to adjust the direction. Select “OK”.
   ![Edit Address Book Entry]

■ INFORMATION
   - The bell sounds only when the vehicle approaches this point in the direction that has been set.

■ TO CHANGE “Name”
1 Select “Edit”.
   ![Edit Address Book Entry]
2 Enter the name using the alphanumeric keys.
   ![Address Book Entry Name]
   - Up to 32 characters can be entered.
3 Select “OK”.
   - The previous screen will be displayed.
3. ADDRESS BOOK

■ DISPLAYING ADDRESS BOOK ENTRY NAMES

1 Select “On” to display the name on the map and select “Off” to not display it.

■ TO CHANGE “Location”

1 Select “Edit”.

2 Select one of the 8 directional screen buttons to move the cursor to the desired point on the map.

3 Select “OK”.

■ TO CHANGE “Phone #” (PHONE NUMBER)

1 Select “Edit”.

2 Enter the number using the number keys.

3 Select “OK”.

• The previous screen will be displayed.

■ DELETING ADDRESS BOOK ENTRIES

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Navigation” on the “Setup” screen.

3 Select “Address Book” on the “Navigation Settings” screen.

• The previous screen will be displayed.
3. ADDRESS BOOK

4. Select “Delete”.

5. Select the address to be deleted.

6. Select “Delete”.

7. Select “Yes” to delete the address book and select “No” to cancel the deletion.

SETTING UP THE “Areas to Avoid”

Areas to be avoided because of traffic jams, construction work or other reasons can be registered as areas to avoid.

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Setup” on the “Menu” screen.

4. Select “Areas to Avoid”.

5. Select the desired screen button.

<table>

<td>121</td>
</tr>
</tbody>
</table>
3. ADDRESS BOOK

REGISTERING AREAS TO AVOID

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
3. Select “Areas to Avoid” on the “Navigation Settings” screen.
4. Select “New”.

5. Select the desired screen button and enter the location in the same way as for a destination search, or display the map of the area to be avoided. (See “DESTINATION SEARCH” on page 66.)

6. Scroll the map to the desired point.

7. Select “Enter”.

8. Select either or to change the size of the area to be avoided.

9. Select “OK”.

   - When registration of an area to avoid is completed, the “Area to Avoid” screen will be displayed.

INFORMATION

   - If a destination is input in the area to avoid or the route calculation cannot be made without running through the area to avoid, a route passing through the area to be avoided may be shown.
   - Up to 10 locations can be registered as points/areas to avoid.
1. Press the "MENU" button on the Remote Touch, then select "Setup".

2. Select "Navigation" on the "Setup" screen.

4. Select "Edit".

5. Select the area to be avoided.

6. Select "Edit" next to the item to be edited.

7. Select "OK".

### EDITING AREA TO AVOID

The name, location and/or area size of a registered area can be edited.

<table>
<thead>
<tr>
<th>No.</th>

<td>To edit area location.</td>
<td>120</td>
</tr>
<tr>
<td>3</td>
<td>To edit area size.</td>
<td>121</td>
</tr>
</tbody>
</table>

"Show Name on Map": The name of an area to be avoided that may be displayed on the map by selecting "On" or "Off". (See page 120.)

"Active": To turn on or off the area to avoid feature. To turn on the feature, select "On" on the "Area to Avoid" screen. To turn off the feature, select "Off" on the "Area to Avoid" screen.
3. ADDRESS BOOK

**TO CHANGE “Name”**

1. Select “Edit”.

2. Enter the name using the alphanumeric keys.
   - Up to 32 characters can be entered.

3. Select “OK”.
   - The previous screen will be displayed.

**DISPLAYING NAMES OF AREAS TO BE AVOIDED**

1. Select “On”, next to “Show Name on Map”, to display the area to be avoided name on the map. Select “Off” to not display it.

**TO CHANGE “Location”**

1. Select “Edit”.

2. Select one of the 8 directional screen buttons to move the cursor to the desired point on the map.

3. Select “OK”.
   - The previous screen will be displayed.
3. ADDRESS BOOK

TO CHANGE “Size”

1. Select “Edit”.

2. Select either  or  to change the size of the area to be avoided.

3. Select “OK”.
   • The previous screen will be displayed.

DELETING AREAS TO AVOID

1. Press the “MENU” button on the Remote Touch, then select “Setup”.

2. Select “Navigation” on the “Setup” screen.

3. Select “Areas to Avoid” on the “Navigation Settings” screen.

4. Select “Delete”.

5. Select the area to be deleted.

6. Select “Delete”.

7. Select “Yes” to delete the area(s) and select “No” to cancel the deletion.

</tbody>
</table>

| No. | Function |

Select to adjust the current position mark manually. Miscalculation of the distance caused by tire replacement can also be adjusted. (See “CURRENT POSITION/TIRE CHANGE CALIBRATION” on page 128.)

Select to set the display of pop-up information to “On” or “Off”. (See “POP-UP INFORMATION” on page 129.)

Select to set IPD road guidance to “On” or “Off”. (For information on IPD roads, see page 94.)

Select to adjust the current position mark manually. Miscalculation of the distance caused by tire replacement can also be adjusted. (See “CURRENT POSITION/TIRE CHANGE CALIBRATION” on page 128.)
4. SETUP

Select “Driving Speeds”.

5 Select “<” or “>” to set the average vehicle speeds for “Residential”, “Main Streets” and “Freeways”.

- To set the default speeds, select “Default”.
- To use settings based on traffic information, select “Consider Traffic Info.”.

6 After setting of the desired speeds is completed, select “Save”.

**INFORMATION**

- The displayed time to the destination is the approximate driving time that is calculated based on the selected speeds and the actual position along the guidance route.
- The time shown on the screen may vary greatly depending on progress along the route, which may be affected by conditions such as traffic jams and construction work.
- Up to 99 hours 59 minutes can be displayed.

**AUTO AVOID TRAFFIC**

The guidance route automatically changes to another route to avoid heavy congestion when “Avoid Traffic” is turned on.

1 Press the “MENU” button on the Remote Touch, then select “Setup”.
2 Select “Navigation” on the “Setup” screen.
4 Select “Avoid Traffic”.

5 Select “On” or “Off”.
6 Select “Save”.

- When congestion information about the guidance route has been received, a screen will appear to ask if it is desirable to reroute to avoid the congestion.
- Select “Yes” to reroute. Another route to avoid the congestion will appear.
- Select “No” if it is not desirable to reroute.

**INFORMATION**

- When the “Traffic Information” indicator is dimmed, “Avoid Traffic”, “Traffic Incident Warning” and “Show Free Flowing Traffic” will not operate.
1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “Show Free Flowing Traffic”.
5. Select “On” or “Off”.
6. Select “Save”.

**INFORMATION**
- When the “Traffic Information” indicator is dimmed, “Avoid Traffic”, “Traffic Incident Warning” and “Show Free Flowing Traffic” will not operate.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “Favorite POI Categories”.
5. Select the category to be changed.

**POI CATEGORY CHANGE**

**SELECT POI ICONS**
Select up to 6 POI icons to be displayed on the map screen.
6 Select the desired group.

- If the desired POI category is not on the screen, select "List All Categories" to list all POI categories.

7 Select the desired category.

- The screen returns to the first page of the "Favorite POI Categories" screen.

8 Select "OK".

SCREEN LAYOUT FUNCTION ("阍阍 Off" Function)

Each screen button and current street name on the map screen can be displayed or hidden.

1 Press the "MENU" button on the Remote Touch, then select "Setup".

2 Select "Navigation" on the "Setup" screen.

3 Select "Detailed Navi. Settings" on the "Navigation Settings" screen.

4 Select "阍阍 Off" Function".

5 Select the screen buttons to be turned off. The selected screen buttons will be dimmed.

- To set the setting as a default, select "Default".

6 Select "OK".

- The previous screen will be displayed.

7 Select "Save".
4. SETUP

CURRENT POSITION/TIRE CHANGE CALIBRATION

The current position mark can be adjusted manually. Miscalculation of the distance caused by tire replacement can also be adjusted.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “Calibration”.
5. Select the desired screen button.

• For additional information on the accuracy of a current position, see “LIMITATIONS OF THE NAVIGATION SYSTEM” on page 137.

POSITION/DIRECTION CALIBRATION

When driving, the current position mark will be automatically corrected by GPS signals. If GPS reception is poor due to location, the current position mark can be adjusted manually.

1. Select “Position / Direction”.
2. Select one of the 8 directional screen buttons to move the cursor to the desired point on the map.
3. Select “OK”.

CURRENT POSITION/TIRE CHANGE CALIBRATION

The current position mark can be adjusted manually. Miscalculation of the distance caused by tire replacement can also be adjusted.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Navigation” on the “Setup” screen.
4. Select “Calibration”.
5. Select the desired screen button.

• For additional information on the accuracy of a current position, see “LIMITATIONS OF THE NAVIGATION SYSTEM” on page 137.

POSITION/DIRECTION CALIBRATION

When driving, the current position mark will be automatically corrected by GPS signals. If GPS reception is poor due to location, the current position mark can be adjusted manually.

1. Select “Position / Direction”.
2. Select one of the 8 directional screen buttons to move the cursor to the desired point on the map.
3. Select “OK”.
4. SETUP

GS350/450h (US)

NA VI

30C46U

11.11.17     14:30

3NAVIGATION SYSTEM

Select either ↑ or ↓ to adjust the direction of the current position mark.

Select “OK”.
- The map will be displayed.

TIRE CHANGE CALIBRATION

The tire change calibration function will be used when replacing the tires. This function will adjust miscalculation caused by the circumference difference between the old and new tires.

1 To perform the distance calibration procedure, select “Tire Change”.

- The message appears and the quick distance calibration is automatically started. A few seconds later, a map will be displayed.

INFORMATION
- If this procedure is not performed when the tires are replaced, the current position mark may be incorrectly displayed.

POP-UP INFORMATION

When “Pop-up information” is turned on, pop-up information will be displayed.

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Navigation” on the “Setup” screen.

4 Select “Pop-up Information”.

5 Select “On” or “Off”.

6 Select “Save”.
- When “Pop-up Information” is turned off, the following messages will not be displayed.
This message appears when the map is displayed POI icons and the map scale is over 0.5 miles (800 m).

This message appears when the map is switched to dual map screen mode.
2. VEHICLE SETTINGS

MAINTENANCE
When the navigation system is turned on, the “Maintenance Reminder” screen displays when it is time to replace a part or certain components. (See page 32.)

1. Press the “MENU” button on the Remote Touch.

2. Select “Setup”.

3. Select “Vehicle”.

4. Select “Maintenance”.

5. Select the desired screen button.
   - Setting maintenance information. (See page 132.)
   - Setting dealer. (See page 133.)
1 Press the “MENU” button on the Remote Touch, then select “Setup”.
2 Select “Vehicle” on the “Setup” screen.
3 Select “Maintenance” on the “Vehicle Settings” screen.
4 Select the desired screen button.

● When the vehicle needs to be serviced, the screen button color will change to orange.

</tr>
</tbody>
</table>
5. SETUP

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Vehicle” on the “Setup” screen.
4. Select “Set Dealer”.
5. If a dealer has not been registered, enter the location of a dealer in the same way as for a destination search. (See “DESTINATION SEARCH” on page 66.)

No. | Function
--- | ---
1 | Select to input the next maintenance date.
2 | Select to input the driving distance until the next maintenance check.
3 | Select to cancel the date and distance conditions.
4 | Select to reset the date and distance conditions.

6. Select “OK”.
   • The screen then returns to the “Maintenance” screen.

**INFORMATION**
- For scheduled maintenance information, refer to “Scheduled Maintenance Guide” or “Owner’s Manual Supplement”.
- Depending on driving or road conditions, the actual date and distance maintenance should be performed may differ from the stored date and distance in the system.

**DEALER SETTING**

Dealer information can be registered in the system. With dealer information registered, route guidance to the dealer is available.

1. Press the “MENU” button on the Remote Touch, then select “Setup”.
2. Select “Vehicle” on the “Setup” screen.
4. Select “Set Dealer”.
5. If a dealer has not been registered, enter the location of a dealer in the same way as for a destination search. (See “DESTINATION SEARCH” on page 66.)

● When “Set Dealer” registration is finished, the “Dealer” screen is displayed.

**INFORMATION**
- For scheduled maintenance information, refer to “Scheduled Maintenance Guide” or “Owner’s Manual Supplement”.
- Depending on driving or road conditions, the actual date and distance maintenance should be performed may differ from the stored date and distance in the system.
6. Select “Edit” next to the item to be edited.

<table>
<thead>
<tr>

</tbody>
</table>

**TO EDIT “Dealer” OR “Contact”**

1. Select “Edit” next to “Dealer” or “Contact”.

2. Enter the name using the alphanumeric keys.

3. Select “OK”.

   - Up to 32 characters can be entered.
   - The previous screen will be displayed.
■ TO EDIT “Location”
1 Select “Edit” next to “Location”.
2 Select one of the 8 directional screen buttons to move the cursor to the desired point on the map screen.
3 Select “OK”.
   ● The previous screen will be displayed.

■ TO EDIT “Phone #”
   (PHONE NUMBER)
1 Select “Edit” next to “Phone #”.
2 Enter the number using number keys.
3 Select “OK”.
   ● The previous screen will be displayed.
1. Press the "MENU" button on the Remote Touch. (See "Remote Touch" on page 10.)
2. Select “Setup” on the “Menu” screen.
4. Select “Vehicle Customization”.

5. Select the desired items to be set.
   ● For a list of the settings that can be changed, refer to “Owner’s Manual”.
6. After changing the settings, select “Save”. A message indicating that the settings are being saved will appear. Do not perform any other operations while this message is displayed.

**CAUTION**

● When performing the customization procedure, ensure that there is sufficient ventilation in the vehicle and surrounding area. If there is insufficient ventilation, exhaust gases may collect and enter the vehicle. Exhaust gases include harmful carbon monoxide (CO) and inhaling them may lead to death or a serious health hazard.

**INFORMATION**

● To avoid discharging the 12-volt battery, perform the customization procedure with the engine running (the hybrid system operating).
5. GPS (GLOBAL POSITIONING SYSTEM)  

1. LIMITATIONS OF THE NAVIGATION SYSTEM

This navigation system calculates the current position using satellite signals, various vehicle signals, map data, etc. However, an accurate position may not be shown depending on satellite conditions, road configuration, vehicle condition or other circumstances.

The Global Positioning System (GPS) developed and operated by the U.S. Department of Defense provides an accurate current position, normally using 4 or more satellites, and in some case 3 satellites. The GPS system has a certain level of inaccuracy. While the navigation system will compensate for this most of the time, occasional positioning errors of up to 300 ft. (100 m) can and should be expected. Generally, position errors will be corrected within a few seconds.

When the vehicle is receiving signals from satellites, the "GPS" mark appears at the top left of the screen. The GPS signal may be physically obstructed, leading to inaccurate vehicle position on the map screen. Tunnels, tall buildings, trucks, or even the placement of objects on the instrument panel may obstruct the GPS signals. The GPS satellites may not send signals due to repairs or improvements being made to them.

Even when the navigation system is receiving clear GPS signals, the vehicle position may not be shown accurately or inappropriate route guidance may occur in some cases.

NOTICE

● The installation of window tinting may obstruct the GPS signals. Most window tinting contains some metallic content that will interfere with GPS signal reception of the antenna in the instrument panel. We advise against the use of window tinting on vehicles equipped with navigation systems.
Accurate current position may not be shown in the following cases:
- When driving on a small angled Y-shaped road.
- When driving on a winding road.
- When driving on a slippery road such as in sand, gravel, snow, etc.
- When driving on a long straight road.
- When motorway and surface streets run in parallel.
- After moving by ferry or vehicle carrier.
- When a long route is searched during high speed driving.
- When driving without setting the current position calibration correctly.
- After repeating a change of direction by going forward and backward, or turning on a turntable in a parking lot.
- When leaving a covered parking lot or parking garage.
- When a roof carrier is installed.
- When driving with tire chains installed.
- When the tires are worn.
- After replacing a tire or tires.
- When using tires that are smaller or larger than the factory specifications.
- When the tire pressure in any of the 4 tires is not correct.

Inappropriate route guidance may occur in the following cases:
- When turning at an intersection off the designated route guidance.
- If you set more than 1 destination but skip any of them, auto reroute will display a route returning to the destination on the previous route.
- When turning at an intersection for which there is no route guidance.
- When passing through an intersection for which there is no route guidance.
- During auto reroute, the route guidance may not be available for the next turn to the right or left.
- During high speed driving, it may take a long time for auto reroute to operate. In auto reroute, a detour route may be shown.
- After auto reroute, the route may not be changed.
- If an unnecessary U-turn is shown or announced.
- If a location has multiple names and the system announces 1 or more of them.
- When a route cannot be searched.
- If the route to your destination includes gravel, unpaved roads or alleys, the route guidance may not be shown.
- Your destination point might be shown on the opposite side of the street.
- When a portion of the route has regulations prohibiting the entry of the vehicle that vary by time or season or other reasons.
- The road and map data stored in the navigation system may not be complete or may not be the latest version.

If the vehicle cannot receive GPS signals, the current position can be adjusted manually. For information on setting the current position calibration, see page 128.
After replacing a tire, implement the operation described in "TIRE CHANGE CALIBRATION". (See page 129.)

INFORMATION

This navigation system uses tire turning data and is designed to work with factory-specified tires for the vehicle. Installing tires that are larger or smaller than the originally equipped diameter may cause inaccurate display of the current position. The tire pressure also affects the diameter of the tires, so make sure that the tire pressure of all 4 tires is correct.
1. VOICE COMMAND SYSTEM OPERATION

1. VOICE COMMAND SYSTEM

The voice command system enables the navigation, audio/video, hands-free and air conditioning systems to be operated using voice commands. The operating procedures of voice commands from the “Shortcut Menu” screen are explained here.

(INFORMATION)

● Commands that are not displayed in the “Shortcut Menu” screen can be operated from the “Main Menu” screen.

STEERING SWITCHES FOR THE VOICE COMMAND SYSTEM

1. Talk switch
   ● Press the talk switch to start the voice command system.
   ● To cancel voice recognition, press and hold the talk switch.

2. Back switch
   ● Press the back switch to return to the previous screen.

VOICE COMMAND SYSTEM OPERATION

1. Press the talk switch.
   ● After the “Shortcut Menu” screen has been displayed, voice guidance will commence.
   ● Voice guidance for the voice command system can be skipped by pressing the talk switch.

2. After a beep sounds, say the command of your choice.

- Voice commands are marked with 🎤. Some commonly used commands are displayed on the screen.
- By saying “Next page” or “Previous page”, or by selecting “Next Pg.” “Prev. Pg.”, the screen will display the commands displayed on the page in the background.
- Saying “Main menu” or selecting “Main Menu” when the “Shortcut Menu” screen is displayed will display the “Main Menu” screen.
- Registered POIs, registered names in the phonebook etc., can be said in the place of the “<>” next to the commands. (See page 151.)

For example: Say “Find nearby dining”, “Call John” etc.
1. VOICE COMMAND SYSTEM OPERATION

3. Say the command displayed on the screen.

- If a desired outcome is not shown, or if no selections are available, perform one of the following to return to the previous screen:
  - Say "Go back".
  - Select "Go Back".
  - Press the back switch on the steering wheel.
- To cancel voice recognition, select "Cancel", or press and hold the talk switch.

**INFORMATION**

- If the navigation system does not respond or the confirmation screen does not disappear, press the talk switch and try again.
- If a voice command cannot be recognized within 6 seconds, voice guidance will say "Pardon?" ("Command not recognized." will be displayed on the screen) and voice command reception will restart.
- If a voice command cannot be recognized 2 consecutive times, the voice command guidance system will say "Paused. To restart voice recognition, push the talk switch. To cancel voice recognition, push and hold the talk switch." Voice recognition will then be suspended. Select "Cancel" or "Go Back", or press the back switch on the steering wheel.
- The voice recognition prompt can be set to on or off when "Voice Prompts" is selected. This setting can also be changed on the "Voice Settings" screen. (See page 61.)
- When "Voice Prompts" is selected, voice recognition will be temporarily suspended. Press the talk switch again.
- Voice guidance can be canceled by setting voice prompts to off. Use this setting when it is desirable to say a command immediately after pressing the talk switch and hearing a beep.
- The side display cannot be operated during voice recognition.
MICROPHONE

It is unnecessary to speak directly into the microphone when giving a command.

INFORMATION

- Wait for the confirmation beep before speaking a command.
- Voice commands may not be recognized if:
  - Spoken too quickly.
  - Spoken at a low or high volume.
  - The roof or windows are open.
  - Passengers are talking while voice commands are spoken.
  - The air conditioning speed is set high.
  - The air conditioning vents are turned towards the microphone.
- In the following conditions, the system may not recognize the command properly and using voice commands may not be possible:
  - The command is incorrect or unclear. Note that certain words, accents or speech patterns may be difficult for the system to recognize.
  - There is excessive background noise, such as wind noise.

VOICE COMMAND EXAMPLE: SEARCHING FOR A ROUTE TO YOUR HOME

1. Press the talk switch.
2. Say “Go home”.
   - A confirmation screen will be displayed showing the recognition results.
3. Say “Yes” or select “Yes”.
   - The system starts searching for a route to your home.
   - When the voice command is recognized, the map of the area around the home address will be displayed and route guidance to the home address will begin.
   - If a home address is not registered, voice guidance will say “Your home is not set. Please try again after setting a home location.” and you will be prompted to enter a home address. (See page 108.)
1. VOICE COMMAND SYSTEM OPERATION

VOICE COMMAND EXAMPLE: PERFORMING A DESTINATION SEARCH BY ADDRESS

1. Press the talk switch.

2. Say “Enter an address”.
   • If the destination’s state/province has not been set or is not contained in the voice command recognition list, the screen to input a state/province will be displayed.
   • Some areas cannot be recognized by the voice recognition system.
   • For information regarding the state/province setting to perform a destination search by address, see “SELECTING THE SEARCH AREA” on page 66.

3. Say “<city name>”.
   • Say the desired city name that belongs to the set state in the place of the “<>”.
   • Say “Change State” to change the set voice recognition state.

4. Say “<street name>”.
   • Say the desired full street name, or main body of the street name that belongs to the set state in the place of the “<>”.
   • The voice command recognition is designed to recognize the main body of the official street name.
   For example, if the official street name is “East Main Street”, the voice command recognition will recognize “Main”.

5. Say “<house number>”.
   • Say the desired number, cardinal/intercardinal direction etc. in the place of the “<>”.
   For example: Say “West 555”.
   • Inputting the house number can be skipped.

6. Say “Start guidance” or “Show map”. Alternatively, select “Start Guidance” or “Show Map”.
   • After this, follow the voice guidance and search for a destination route by voice command operation.
1. VOICE COMMAND SYSTEM OPERATION

(INFORMATION)

- Even if the state set using voice recognition is different from the set state in the “Address” screen (which was set when a destination was set manually), the set state in the “Address” screen will not change. (For more information on the “Address” screen, see “SELECTING THE SEARCH AREA” on page 66.)

- The house number voice recognition conditions are outlined below:
  - Numerals: 10 digits or less
  - Numerals and cardinal/intercardinal direction or a hyphen and numerals: A total of 9 digits or less (Do not say “and”.)
  - Cardinal/intercardinal direction or a hyphen and numerals: A total of 9 digits or less (Do not say “and”.)
  - Numerals are recognized as single digits only.
  - The cardinal/intercardinal direction and hyphens are only recognized once.
  - The following cardinal/intercardinal directions can be recognized: North, East, West, South, North East, North West, South East and South West.

- When inputting the house number is skipped and the recognized candidate list has multiple entries and so forth, the full street name may need to be recognized. If this occurs, say the full street name. For example, say “East Main Street” and “East Main Street” will be recognized.

---

VOICE COMMAND EXAMPLE: SEARCH FOR A TRACK USING ARTIST NAME OR ALBUM NAME

1. Press the talk switch.
   - “Play Artist <name>” and “Play Album <name>” are displayed in the “Shortcut Menu” screen.

2. Say “Play artist <name>” or “Play album <name>”.
   - Say the desired artist name or album name in the place of the “<>”.
   - A confirmation screen will be displayed showing the recognition results. If multiple matching items are found, a selection screen will be displayed.

   - When “Play Artist <name>” is used to play music, the first track is selected randomly. For operations beyond playing music, refer to “Owner’s Manual”.

3. Say “Yes” or select “Yes”.
   - The system starts playing music.

---

INFORMATION

1. VOICE COMMAND SYSTEM OPERATION

GS350/450h (US) NAVI 30C46U
11/17 14:30
Music recognition technology and related data are provided by Gracenote®. Gracenote is the industry standard in music recognition technology and related content delivery. For more information visit www.gracenote.com.

INFORMATION

- A USB memory or iPod must be connected to enable track searching and playback. For details, refer to “Owner’s Manual”.
- When a USB memory or iPod is connected, recognition data is created so tracks can be searched using voice commands.
- Recognition data is updated under the following conditions:
  - When the USB memory or iPod data has changed.
  - When the voice recognition language is changed. (See page 53.)
- While the recognition data is being created or being updated, a track search cannot be performed using a voice command.
- While “Play Music” is displayed in the “Shortcut menu” screen, say “Play music” to display the music screen from which searching for a track using a voice command can be performed.
- While “Play Music” is dimmed in the “Shortcut Menu” screen, it is not possible to search for a track using a voice command. In this situation, reduce the amount of music data in the USB memory or iPod and update the recognition data to enable searching by voice command.
Due to natural language speech recognition technology, this system enables recognition of a command when spoken naturally. However, the system cannot recognize every variation of each command. In some situations, it is possible to omit the command for the procedure and directly state the desired operation. Not all voice commands are displayed in the short cut menu.

**INFORMATION**

- The “Set a Destination”, “Use the Phone”, “Play Music” and “Get Information” commands displayed on the "Shortcut Menu" screen can be operated using natural language speech recognition technology.
- If the command cannot be recognized completely, the command input screen will be displayed. (Search results will be shown based on the part of the command that was recognized.)

### EXPRESSION EXAMPLES FOR EACH FUNCTION

### INFORMATION

- Commands that are not displayed in the “Shortcut Menu” screen can be accessed from the main menu.
- For example, to make an “International Call”, say “Main menu” while the “Shortcut Menu” screen is being displayed. Then say “Use the phone” followed by saying the desired number, e.g. “123456789”.  

```none

- Commands that are not displayed in the “Shortcut Menu” screen can be accessed from the main menu.
- For example, to make an “International Call”, say “Main menu” while the “Shortcut Menu” screen is being displayed. Then say “Use the phone” followed by saying the desired number, e.g. “123456789”.

```
3. EXPANDED VOICE COMMANDS

Selecting “On” next to “Expanded Voice Commands” on the “Voice Settings” screen enables voice command operation of the audio/video and air conditioning system. (See page 61.) For more information on operations that can be controlled using expanded voice commands, refer to “COMMAND LIST”. (See page 151.)

**VOICE COMMAND EXAMPLE: TURN THE AUDIO SYSTEM ON**

1. Press the talk switch.
2. Say “Audio on”.

- Commands relating to operation of the audio/video and air conditioning systems can only be performed when the audio and air conditioning systems are turned on.
- Expanded voice commands can be recognized when the “Shortcut Menu” screen is displayed.
1. VOICE COMMAND SYSTEM OPERATION

4. COMMAND LIST

Recognizable voice commands and their actions are shown below.

- All commands are listed in the table.
- For devices that are not installed in the vehicle, the related commands will not be displayed in the “Shortcut Menu” screen. Also, according to conditions, other commands may not be displayed in the “Shortcut Menu” screen.
- The functions available may vary according to the navigation system installed.

- Voice recognition language can be changed. (See “SELECTING A LANGUAGE” on page 53.)

▶ “Set a Destination”

1. INFORMATION DISPLAY

1. MAP DATABASE VERSION AND COVERAGE AREA

MAP INFORMATION

Coverage areas and legal information can be displayed and map data can be updated.

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “Map Data”.

- The “Map Information” screen will be displayed.

INFORMATION

- Map data updates are available for a fee. Contact your Lexus dealer for further information.
- The “Map Information” screen displays
  1. “Map Version” and
  2. “Map Update ID”. This data is needed to perform a map data update.

LEGAL INFORMATION

Legal information related to the map data can be displayed.

1. Press the “MENU” button on the Remote Touch, then select “Info/Apps”.

2. Select “Map Data” on the “Information” screen.

3. Select “Legal Info.”

- The “Legal Information” screen will be displayed.
Press the “MENU” button on the Remote Touch, then select "Info/Apps".

2 Select “Map Data” on the “Information” screen.

3 Select “Map Coverage”.

The “Map Data Coverage” screen will be displayed.
2. XM FUNCTION-OVERVIEW

1. XM SERVICES

XM services are subscription-based.
XM Satellite Radio services to provide convenient features to subscribers.

- With an active XM subscription, the following features are available:
  - XM Sports*1 (See page 161.)
  - XM Stocks*1 (See page 164.)
  - XM Fuel Prices*2 (See page 167.)
  - XM NavWeather™*2 (See page 171.)
  - XM NavTraffic®*2 (See page 175.)

*1: Available at no extra charge with an active XM Satellite Radio subscription.
*2: Available via separate XM subscription(s).

- XM NavTraffic®, XM NavWeather™ and XM TravelLink require separate XM subscription(s). XM Sports*, XM Stocks* and XM Fuel Prices are available with an XM TravelLink subscription. After a 90-day trial, you must contact XM and set up the appropriate XM subscription(s) to continue receiving these services.
- XM Sports and XM Stocks are included with an XM Satellite Radio subscription.

### AVAILABILITY OF SERVICE(S)

- The XM NavTraffic® service is available in the contiguous 48 U.S. states and Canada.
- The XM NavWeather™, XM Sports, XM Stocks and XM Fuel Prices services are available in the contiguous 48 U.S. states.

### ACTIVATION OF SERVICE(S)

- To receive XM NavTraffic®, XM NavWeather™, XM Sports, XM Stocks and XM Fuel Prices services, the XM service must be activated. To activate the service, call the XM Listener Care Center at 1-877-515-3987.
- Customers should have their radio ID ready. The radio ID can be found by selecting “CH 000” on the radio. For details, refer to “Owner’s Manual”.

### INFORMATION

- For further details about the service, contact your Lexus dealer.
- XM Satellite Radio is responsible for all fees and services, which are subject to change.
XM RADIO SERVICES — DESCRIPTIONS

■ RADIO AND ENTERTAINMENT
XM offers more than 170 satellite radio channels of commercial-free music and premier sports, news, talk, and entertainment. XM is broadcast via satellites to millions of listeners across the continental United States. XM subscribers listen to XM on satellite radio receivers for the car, home, and portable use. More information about XM is available online at www.siriusxm.com (U.S.A.) or www.xmradio.ca (Canada).

■ INFOTAINMENT AND DATA SERVICES
XM offers a variety of advanced Infotainment and data services.

XM RADIO SERVICES — SUBSCRIPTION INSTRUCTIONS

For XM Services requiring a subscription (such as XM Radio, and some Infotainment & data services), the following paragraph shall be included. Required XM Radio and some Infotainment & data services monthly subscriptions sold separately after trial period. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions are subject to the Customer Agreement available at www.siriusxm.com (U.S.A.) or www.xmradio.ca (Canada). XM service only available in the 48 contiguous United States and 10 Canadian provinces. © 2011 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. All other marks, channel names and logos are the property of their respective owners.

For more information, program schedules, and to subscribe or extend subscription after complimentary trial period; more information is available at:

► U.S.A. Customers
  Visit www.siriusxm.com or call 1-877-515-3987

► Canadian Customers
  Visit www.xmradio.ca or call 1-877-515-3987
XM RADIO SERVICES – LEGAL DISCLAIMERS AND WARNINGS

Fees and Taxes – Subscription fee, taxes, one time activation fee, and other fees may apply. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement available at www.siriusxm.com (U.S.A.) or www.xmradio.ca (Canada). XM service only available in the 48 contiguous United States and Canada.*

*: Canada — some deterioration of service may occur in extreme northern latitudes. This is beyond the control of XM Satellite Radio.

Explicit Language Notice – Channels with frequent explicit language are indicated with an “XL” preceding the channel name. Channel blocking is available for XM Satellite Radio receivers by notifying XM at;

Note: this applies to XM receivers only and not XM Ready devices.
3. XM FUNCTION OPERATION

1. XM Sports

XM Sports is a service included with an XM Satellite Radio subscription. This service is also available with an XM TravelLink subscription. With this service, you can receive updates via the navigation system on your personally selected sports teams.

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “XM Sports”.

- The “XM Sports” screen is displayed.
- The following operations can be performed:
  * Sports information can be received. (See page 162.)
  * XM Sports settings can be set. (See page 162.)
1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Info/Apps” on the “Menu” screen.

4. Select the desired team to receive information.

- Teams for which there is no current data available will be dimmed and you will not be able to select them.

5. Select the individual information item to hear it, or select “Read All” to hear all available information for that team.

- The selected information will be read out in its entirety.

---

**XM Sports SETTINGS – ADD OR DELETE TEAMS**

To input your personalized XM Sports team.

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Info/Apps” on the “Menu” screen.

4. Select “Options”.

5. Perform each setting according to the procedures outlined on the following pages.

- Personalized XM Sports teams can also be input from the “Setup” screen. (See “XM SETTIGS” on page 178.)
3. XM FUNCTION OPERATION

### ADD SPORTS TEAM

1. Select “Add Sports Team”.

   ![Add Sports Team Screen](image1)

   - Up to 5 teams can be added and saved in the system for which information will be received. The desired teams can be changed at any time. Teams must be added one at a time.

2. Select the desired sporting league of the team.

   ![Select Sporting League Screen](image2)

3. Select the name of the desired team to be added from the list that appears.

   ![Select Team Name Screen](image3)

4. Select “Yes” to confirm or “No” to cancel.

### DELETE SPORTS TEAMS

1. Select “Delete Sports Teams”.

   ![Delete Sports Teams Screen](image4)

2. Select the individual sports team to be deleted or select “Select All” to delete all the teams, and select “Delete”.

   ![Delete Individual Team Screen](image5)

3. Select “Yes” to confirm or “No” to cancel.

---

---
XM Stocks is a service included with an XM Satellite Radio subscription. This service is also available with an XM TravelLink subscription. With this service, you can receive updates via the navigation system on your personally selected stocks.

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “XM Stocks”.

- The “XM Stocks” screen is displayed.
- The following operations can be performed:
  - Stock data can be received. (See page 165.)
  - XM Stocks setting can be set. (See page 165.)
1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Info/Apps” on the “Menu” screen.

3. Select “XM Stocks” on the “Information” screen.

4. Select an individual stock to hear its related data, or select “Read All” to hear the data for all the stocks saved in the system.

- The selected data will be read out in its entirety.
- Stock data may be delayed by approximately 20 minutes.

---

RECEIVE STOCK DATA

You must first add your desired stocks prior to receiving data. (See page 165.)

5. Perform each setting according to the procedures outlined on the following pages.

---

XM Stocks SETTINGS – ADD OR DELETE STOCKS

To input your personalized XM Stocks settings.

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Info/Apps” on the “Menu” screen.

3. Select “XM Stocks” on the “Information” screen.

4. Select “Options”.

5. Personalized XM Stocks settings can also be input from the “Setup” screen. (See “XM SETTINGS” on page 178.)
### ADD STOCK

1. Select “Add Stock”.

2. Input the desired stock symbol.

3. When finished, select “OK”.

   - Up to 10 individual stock symbols can be added and saved in the system for which information will be received. Stocks must be input one at a time. To enter a stock, the symbol of the desired stock must be known.

### DELETE STOCKS

1. Select “Delete Stocks”.

2. Select the individual stock to be deleted or select “Select All” to delete all the stocks, and select “Delete”.

3. Select “Yes” to confirm or “No” to cancel.
3. XM FUNCTION OPERATION

3. XM Fuel Prices

XM Fuel Prices is a service included with an XM TravelLink subscription. It enables the navigation system to display current fuel prices and gas station locations, which can be set as a destination if desired.

SHOW XM Fuel Prices INFORMATION

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “XM Fuel Prices”.

• The “Fuel Price” screen is displayed.

VIEW DETAILED FUEL PRICE INFORMATION

1. Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2. Select “Info/Apps” on the “Menu” screen.

3. Select “XM Fuel Prices” on the “Information” screen.

4. Select the desired gas station from the list.

• The location of the selected gas station will be displayed on the map screen.
5 Select “Info”.

- When the map scale is at the maximum range of 0.5 miles (800 m), is not shown. When the map scale is at the minimum range of 150 ft. (50 m), is not shown.

XM Fuel Prices SETTINGS

The desired fuel type, preferred brand, and show prices reported can be registered.

REGISTER FUEL TYPE

1 Press the “MENU” button on the Remote Touch.

2 Select “Setup”.

3 Select “Other”.

- If is selected, the registered phone number can be called.

INFORMATION

- The information displayed is received via satellite radio. Depending on the time the information is received, the displayed information may not be up to date.
4 Select “XM Fuel Prices”.

5 Select “Fuel Type”.

6 Select the desired fuel type.
   - “Premium”, “Midgrade”, “Regular” or “Diesel” can be selected.

7 Select “Save”.

---

**REGISTER PREFERRED BRAND**

1 Press the “MENU” button on the Remote Touch, then select “Setup”.

2 Select “Other” on the “Setup” screen.

3 Select “XM Fuel Prices” on the “Other Settings” screen.

4 Select “Preferred Brand”.

5 Select the preferred brand.

6 Select “Save”.

---

**INFORMATION**
REGISTER SHOW PRICES REPORTED

1. Press the “MENU” button on the Remote Touch, then select “Setup”.

2. Select “Other” on the “Setup” screen.

3. Select “XM Fuel Prices” on the “Other Settings” screen.

4. Select “Show Prices Reported”.

5. Select the desired period.
   - “Last 24 Hours”, “Last 2 Days” or “Show All” can be selected.
   - If “Show All” is selected, information about gas stations which fuel prices are not provided is also displayed on the list.

6. Select “Save”.

![](XM_Fuel_Settings.png)
4. XM NavWeather™

The subscription-based XM NavWeather™ service allows the navigation system to display weather information on the map screen.

- The following operations can be performed:
  - Show XM NavWeather™ information: Weather forecast information is displayed on the map screen. (See page 171.)
  - Weather information: Weather information for the selected city is displayed. (See page 173.)
  - Weather warnings: Weather warnings issued within a radius of approximately 15 miles (25 km) or 7.8 miles (12.5 km) around the vehicle are displayed on the warning screen. (See page 174.)

SHOW XM NavWeather™ INFORMATION

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “XM NavWeather”.

- The “XM NavWeather” screen is displayed.

“Info.”

- When the city icon is selected, “Info.” is displayed on the map screen. Selecting this screen button displays the “Forecast” screen. (See page 173.)
3. XM Function Operation

2. City icon
   • When this screen button is selected, city names and “Info.” are displayed on the upper part of the screen.

3. “Forecast”
   • When this screen button is selected, the city selection screen is displayed.

• Select a city to display weather information. Weather information of the selected city will be displayed. (See page 173.)

4. “Current Location”
   • When “Current Location” is selected, the current position is displayed.

5. Zoom in/out screen button
   • The scale of the map can be changed. Three zoom levels can be selected; 16 miles (26 km), 30 miles (48 km) and 60 miles (97 km).

6. Weather icons and grids
   • Inclement weather information is displayed on the map using weather icons and grids. Selecting an icon shows the related information at the top of the screen.

WEATHER WARNINGS

Weather warnings issued within a radius of approximately 15 miles (25 km) or 7.8 miles (12.5 km) around the vehicle are displayed on the warning screen.

"Weather Map": When this screen button is selected, the "XM NavWeather" screen is displayed.

"OK": When this screen button is selected, the screen returns to the map of the current position.

XM NavWeather™ INDICATOR

- When an XM NavWeather™ warning is issued within the vicinity, the XM NavWeather™ indicator will appear on the map screen.
3. XM FUNCTION OPERATION

5. XM NavTraffic®

The subscription-based XM NavTraffic® service allows the navigation system to display traffic information on the map screen.

The following operations can be performed:

- Show XM NavTraffic® Information: Traffic information is displayed on the map screen. (See page 176.)
- Auto Avoid Traffic: If any heavy congestion or moderate traffic has been detected on the guidance route, it may be possible for you to select another route offered by the system. (See page 125.)
- Traffic Incident Warning: Traffic congestion information is provided using voice guidance. (See page 63.)
- Show Free Flowing Traffic: Freely flowing traffic is shown by the arrow on the map. (See page 126.)

INFORMATION

- When the "Traffic Information" indicator is dimmed, "Avoid Traffic", "Traffic Incident Warning" and "Show Free Flowing Traffic" will not operate.

SHOW TRAFFIC EVENT

1. Press the "MENU" button on the Remote Touch.

2. Select "Info/Apps".

3. Select "Traffic Incidents".

A list of current traffic incidents is displayed along with information on the incident's distance and position relative to the vehicle.
4 Select the desired traffic event.

**SHOW XM NavTraffic Information**

1 Select “Show on Map”.

2 Select “Traffic Information”.

• The “Traffic Information” indicator is highlighted.

3 XM NavTraffic information is displayed on the map screen.

► On the map screen

► On the freeway information screen

5 This screen is displayed.

• Guidance route traffic information is displayed on the screen. Select “Detail” to display detailed traffic event information.

“On Current Route”: Select to display the traffic congestion information for the selected route, or the road which the current vehicle is on. If a route has not been set, “On Current Road” will be displayed.
1. XM NavTraffic® icon
   - When any traffic information is received, the XM NavTraffic® icon will appear on the map screen. Selecting the XM NavTraffic® icon on the screen will start voice guidance for the traffic information. (See page 44.)
   - When the XM NavTraffic® icon is selected, voice guidance for the traffic information will start even if "Off" for "Traffic Incident Warning" is selected.

2. XM NavTraffic® information arrow
   - When any XM NavTraffic® information is received, the XM NavTraffic® information arrow will appear on the map screen. The color of the arrow changes depending on the traffic information received.

3. XM NavTraffic® indicator
   - When any XM NavTraffic® information is received, the XM NavTraffic® indicator will appear on the screen. The color of the indicator changes depending on the traffic information received.

1. FUNCTIONAL OVERVIEW

Lexus Enform with Safety Connect is a generic name for Apps, Destination Assist, eDestination, Lexus Insider, and Safety Connect.

- The functions included in Lexus Enform with Safety Connect are classified into the following three types.
  - Type A: Function achieved by using a cellular phone
  - Type B: Function achieved by using an embedded cellular device in the vehicle (DCM: Data Communication Module) and the navigation system
  - Type C: Function achieved by using DCM

<table>

</tr>
</tbody>
</table>

- Each function is available in the following areas.
  - Apps is available in the 48 states, D.C. and Alaska.
  - Destination Assist and eDestination are available in the contiguous 48 states and D.C.
  - Lexus Insider is available in the contiguous 48 states and Canada.
  - Safety Connect is available in the United States (except Hawaii) but is not available in Canada.
Of the functions included with Lexus Enform with Safety Connect, only Apps can be achieved by using a cellular phone.

Apps is a service that enables the usable contents of a cellular phone to be displayed on and operated from the navigation screen. Before Apps can be used, a few settings need to be performed. (See page 184.)

LEXUS ENFORM WITH SAFETY CONNECT

OVERVIEW

GS350/450h (US)

NA VI

30C46U

11.11.17     14:30

**Apps will be available on a trial period included upon purchase of a new vehicle. User registration is required to start using the service. (See page 185.)**

**When a trial period has elapsed after purchasing a new vehicle, a fee will be charged to renew the contract.***

**Services requiring a separate contract can also be used.***

*: For details, refer to http://www.lexus.com/enform/ or call 1-800-255-3987.

**Apps is available in the 48 states, D.C. and Alaska.**

**INFORMA TION**

- When using Apps, depending on the details of your cellular phone contract, data usage fees may apply. Confirm data usage fees before using this service.

- In this section, the required operations to activate “Apps”, connect a cellular phone to the navigation system and registration steps for Apps are explained. For details regarding Apps operations and each of the “Apps”, refer to http://www.lexus.com/enform/.

**INITIALIZING PERSONAL DATA**

The personal data used in “Apps” can be reset. (See “DELETING PERSONAL DATA” on page 60.)

- The following personal data can be deleted and returned to their default settings:
  - Downloaded contents
  - Radio stations that were listened to
  - Input history

**INFORMATION**

- Once initialized, data will be erased. Pay close attention when initializing the data.
1. **LEXUS ENFORM WITH SAFETY CONNECT-OVERVIEW**

---

**PREPARATION BEFORE USING APPS**

**SETTINGS REQUIRED TO USE APPS**

Perform the settings in the following order.

1. **User registration**

2. Download the Apps application to your cellular phone.

3. Register the cellular phone with the navigation system.

In order to use Apps, the following settings must first be performed:

- User registration with the service contract (See page 184.)
- Download the Apps application onto your cellular phone, and login to the application. (See page 185.)
- Register the cellular phone that the Apps application was downloaded to with the navigation system. (See page 185.)
- Register a Bluetooth® phone with the hands-free system. (For detailed information about registration and settings, refer to "Owner’s Manual, Registering a Bluetooth® phone").

---

**USER REGISTRATION**

When purchasing the vehicle, an email address is registered at your Lexus dealer. If your email address was not registered at your Lexus dealer, your email address can be registered at the Apps website. A user registration guidance email containing a web address will be sent.

1. Perform user registration from the designated web address.

(INFORMATION)

- If your email address was not registered at your Lexus dealer when the vehicle was purchased, an email address can be registered at [http://www.lexus.com/enform](http://www.lexus.com/enform).
1. LEXUS ENFORM WITH SAFETY CONNECT-OVERVIEW

REGISTERING THE APPS APPLICATION

1. Download the Apps application using your cellular phone.

2. Run the Apps application on your cellular phone.

3. Enter a user name and password into the Apps application. Login to the application.

INFORMATION

● “Apps” can only be used when the Apps application has been downloaded to your cellular phone and the application is running.
● Apps operational procedures can also be confirmed by visiting http://www.lexus.com/enform/.
● In order to use “Apps”, it is necessary to run the Apps application, enter your user name and password and display the main menu on the cellular phone.
● An iPhone cannot be connected via Bluetooth® and USB connection at the same time. However, it is possible to recharge an iPhone while using Apps by connecting via USB. The system uses the connection method that was used last. Therefore, if connected via USB after Bluetooth® connection, it is necessary to reconnect the iPhone via Bluetooth®.
Of the functions included with Lexus Enform with Safety Connect, Destination Assist, eDestination, and Lexus Insider can be achieved by making DCM cooperate with the navigation system.

These are subscription-based telematics services that use Global Positioning System (GPS) data, embedded cellular technology to provide safety and security as well as convenience features to subscribers.

The services are supported by Lexus’ designated response center, which operates 24 hours per day, 7 days per week.

The services are available by subscription on select, telematics hardware-equipped vehicles.

</table>
### BEFORE USING THE FUNCTION

#### SUBSCRIPTION
- After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services. A variety of subscription terms is available for purchase. Contact your Lexus dealer, call 1-800-25-LEXUS (1-800-255-3987), or select the “Destination Assist” (See page 197.) in your vehicle for further subscription details.

#### AVAILABILITY OF SERVICE(S)
- Destination Assist and eDestination will function in the contiguous 48 states and D.C. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States.
- Lexus Insider will function in the contiguous 48 states and Canada. They will not function in Hawaii, Alaska, or countries outside of the U.S. other than Canada.

### ACTIVATION OF SERVICE(S)
- Enrollment in Lexus Enform with Safety Connect (via your dealership) is required to activate all services.
- Certification for Lexus Enform with Safety Connect

<table>
<thead>
<tr>
<th>FCC ID: O9EGTM1</th>

</tr>
</tbody>
</table>

#### NOTE
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC WARNING**
Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.
INFORMATION

Exposure to radio frequency signals:
The Lexus Enform with Safety Connect system installed in your vehicle is a low power radio transmitter and receiver. The system receives and also sends out radio frequency (RF) signals.

In August 1996, the Federal Communications Commission (FCC) adopted RF exposure guidelines with safety levels for mobile wireless phones. Those guidelines are consistent with the safety standards previously set by both U.S. and international standards bodies.
- ICNIRP (International Commission on Non-Ionizing Radiation Protection) [1996]

Those standards were based on comprehensive and periodic evaluations of the relevant scientific literature. Over 120 scientists, engineers, and physicians from universities, government health agencies, and industry reviewed the available body of research to develop the ANSI Standard (C95.1).

The design of Lexus Enform with Safety Connect complies with the FCC guidelines in addition to those standards.

INFORMATION

Available beginning Fall 2009 on select Lexus models. Contact with the Lexus Enform with Safety Connect response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data, and GPS satellite signal reception, which can limit the ability to reach the response center or receive support. Enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms is available; charges vary by subscription term selected.

The Lexus Enform with Safety Connect response center will offer support in multiple languages.

Select Lexus Enform with Safety Connect-subscribed vehicles are capable of communicating vehicle information, triggering owner reminder notifications. Owners who do not wish to have their vehicle transmit this information can opt out of the service at the time of enrollment or by calling 1-800-255-3987 and follow the prompt for Lexus Enform with Safety Connect.

For further details about the service, contact your Lexus dealer.

Lexus Enform with Safety Connect services are not subject to section 255 of the Telecommunications Act and the device is not TTY compatible.
Of the functions included with Lexus Enform with Safety Connect, Safety Connect can be achieved by using DCM.
For details, refer to “Owner’s Manual”.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

1. APPS

### ACTIVATING “APPS”

Each time “Apps” is activated, the system checks for updates. When there are no updates available, the main menu screen will be displayed right after a screen indicating that updates are being checked for has been displayed.

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “Apps”.

4. A screen indicating that updates are being checked for will be displayed.

5. Select “OK”.

- To cancel updating, select “Cancel”.
- After selecting “Cancel”, the “Information” screen will be displayed.
- The “Information” screen will also be displayed if updating fails.
6 A screen indicating that an update is in progress will be displayed.

- To stop updating, select "Cancel".
- After selecting "Cancel", the "Information" screen will be displayed.
- The "Information" screen will also be displayed if updating fails.

7 Select "OK".

8 When updating is complete, the main menu screen will be displayed.

- The screen shown above is only an example. The actual screen may be different.
- For details about the function and service of each application displayed in the main menu, refer to http://www.lexus.com/enform/.
## IF A MESSAGE APPEARS ON THE SCREEN

When problems occur starting up the application player, a message will appear on the screen. Referring to the table below to identify the problem, take the suggested corrective action.

<table>
<thead>
<tr>
<th>Message</th>
<th>Display conditions</th>

</tr>
<tr>
<td>&quot;This feature is unavailable while transferring contacts.&quot;</td>
<td>Contacts are being transferred manually from the phonebook.</td>
<td>When the transfer of contacts is complete, perform the operation.</td>
</tr>
<tr>
<td>&quot;There is a problem with the Bluetooth* connection. For troubleshooting assistance, please visit lexus.com or call 1-800-255-3987.&quot;</td>
<td>The cellular phone cannot be connected.</td>
<td>Refer to <a href="http://www.lexus.com/enform/">http://www.lexus.com/enform/</a> to confirm if the phone is compatible or not.</td>
</tr>
<tr>
<td>&quot;This feature is unavailable during a handsfree call.&quot;</td>
<td>A hands-free call is in progress.</td>
<td>After the hands-free call is finished, perform the operation.</td>
</tr>
<tr>
<td>&quot;To use the services, an active application needs to be running on your phone. For more information, please visit lexus.com.&quot;</td>
<td>The Apps application cannot be connected to Bluetooth* SPP.</td>
<td>Refer to <a href="http://www.lexus.com/enform/">http://www.lexus.com/enform/</a> to confirm if the phone is Bluetooth* SPP compatible or not, and then activate the Apps application.</td>
</tr>
<tr>
<td>&quot;Communication error. Please try again.&quot;</td>
<td>Communication was disconnected.</td>
<td>After a few moments, retry the operation.</td>
</tr>
</tbody>
</table>

*: Bluetooth is a registered trademark of Bluetooth SIG, Inc.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

LINKING "APPS" AND NAVIGATION LOCAL FUNCTION

The navigation system’s setting a destination and making a hands-free call can be performed via "Apps" of Apps.

1. Press the "MENU" button on the Remote Touch.

2. Select "Info/Apps".

3. Select "Apps".

4. A screen indicating that updates are being checked for will be displayed.

5. When updating is complete, the main menu screen will be displayed.

- The screen shown above is only an example. The actual screen may be different.
- For details about the function and service of each application displayed in the main menu, refer to [http://www.lexus.com/enform/](http://www.lexus.com/enform/).

INFORMATION

- Some parts of "Apps" can be adjusted using the switches on the steering wheel.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

**SETTING A DESTINATION USING “APPS”**

Locations that were searched using “Apps” can be set as a destination.

1. Select “Map”.

2. Select “Go to”.

3. To start guidance, select “OK”.

   - For the operation of the route guidance screen and the function of each screen button, see “STARTING ROUTE GUIDANCE” on page 85.

**MAKING A PHONE CALL USING “APPS”**

Phone calls can be made to locations which were searched using “Apps”.

1. Select “Call”.

2. Select “Yes”.

   - To cancel making a phone call, select “Cancel”.

3. A screen indicating that a call is in progress will be displayed.

   - For phone operation and the function of each screen button, refer to “Owner’s Manual”.
1. Select the character input space.

2. Select the screen buttons to input the desired characters, and then select "OK".

3. Input characters will be reflected on the character input space.

A keyword can be input to "Apps" by the software keyboard or voice recognition function.

- The keyboard layout can be changed. (See page 54.)

For details on operating the keyboard, see "INPUTTING LETTERS AND NUMBERS/LIST SCREEN OPERATION" on page 35.

Voice recognition is a function that uses the center’s database to enable the use of the voice recognition function.

1. Select the microphone screen button.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

196

2. When this screen is displayed, say the desired keyword.

- Completion of saying the keyword will be detected automatically.

3. Search results will be displayed on the screen.

- The screen shown above is only an example. The actual screen may be different.
2. Destination Assist

Destination Assist provides you with live assistance for finding destinations via the Lexus Enform with Safety Connect response center. You can request either a specific business, address, or ask for help locating your desired destination by category, such as restaurants, gas stations, shopping centers or other points of interest (POI).
After you tell the agent your choice of destination, its coordinates are sent wirelessly to your vehicle’s navigation system.

MAKE A CALL WITH Destination Assist

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination”.

3. Select “Destination Assist”.

“Destination Assist” screen is displayed on the screen.
4 When an agent comes on the line, tell the agent the address, business name, or the type of POI or service you would like to locate.

- To adjust the call volume, select “-” or “+” on the “Destination Assist” screen, or use the volume switch on the steering wheel during the call.

- You can end the call at any time by selecting “Disconnect” on the “Destination Assist” screen or the steering-wheel phone on-hook (hang-up) switch.

5 After the agent helps you determine your location of choice, this screen is displayed. Select the button of the screen for the appropriate action.

- “Mark”: To mark the POI on the navigation map.
- “Map”: To display the POI on the navigation map.
- “Go”: To set the POI as a destination with route directions.
- “Detail”: To read the POI notes you entered online, if any.
- “Call”: To call on the phone.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

3. eDestination

With the eDestination feature, you can go online, via the Lexus.com owner’s Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle’s navigation system. You can store up to 200 locations online to access and update at any time.

- Your locations can be organized into up to 20 personalized folders.

INFORMATION
- You must first go online at www.lexus.com/drivers/ to view the Owners site where you will need to register and log in. After this, you can create your personalized folders containing the locations you wish to send to your vehicle. (See Lexus Enform with Safety Connect Guide for more information.)

DOWNLOAD eDestinations

After updating your eDestination folders online, you will need to download the information to update the data in the vehicle.

1. Press the “MENU” button on the Remote Touch.

2. Select “Destination”.

3. Select “Point of Interest”.

2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

4 Select “eDestination”.

- “eDestination” screen is displayed on the screen.

5 Select “Download”.

- When “Yes” is selected, your most recent online eDestination data will be loaded to the navigation system.

6 Select “Yes” to confirm or “No” to cancel download.

RETRIEVE AN eDestination

1 Press the “MENU” button on the Remote Touch. (See “Remote Touch” on page 10.)

2 Select “Destination” on the “Menu” screen.

3 Select “Point of Interest” on the “Destination” screen.

4 Select “eDestination” on the “Point of Interest” screen.

5 Select the desired eDestination folder.
6. Select the desired location.

7. Select the button of the screen for the appropriate action.

SHOW eDestination ICONS

1. Select “Show on Map”.

2. Select “eDestination Icons”.

• “eDestination Icons” indicator is highlighted.

“Mark”: To mark the POI on the navigation map.
“Map”: To display the POI on the navigation map.
“Go”: To set the POI as a destination with route directions.
“Detail”: To read the POI notes you entered online, if any.
“”: To call on the phone.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

4. Lexus Insider

Lexus Insider is an optional service that can send audio messages, or articles, to participating owners’ vehicles via the navigation system. Potential Lexus Insider subjects might include, for example, Lexus vehicle technology tips, updates on regional Lexus events, or audio excerpts from Lexus Magazine articles. Up to 20 articles can be stored at a time. You may opt out of receiving Lexus Insider messages at any time. (See page 204.)

VIEW AND PLAY RECEIVED Lexus Insider MESSAGES

1. Press the “MENU” button on the Remote Touch.

2. Select “Info/Apps”.

3. Select “LEXUS Insider”.

   - “LEXUS Insider” screen is displayed on the screen.

4. Select the desired article title from the Lexus Insider menu to play that broadcast or select “Read All” to listen to all stored Lexus Insider broadcasts.

   - When you select “Read All”, “Stop” is displayed. To stop listening to the broadcast, select “Stop”.
   - To disrupt the audio read of Lexus Insider, press the “MODE” switch on the steering wheel, press “RADIO” or “MEDIA” button on the audio system.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

### ABOUT ICONS

- Icons appear at the left of the Lexus Insider story titles and indicate the following:

<table>
<thead>
<tr>

### LISTEN TO ANOTHER ARTICLE

1. After selecting an individual article, you can then select “Next” or “Previous” to listen to another article.

- You can also use the “△” or “▼” switch on the steering wheel to move to the previous or next article.
- To stop listening to the broadcast, select “Stop” or press “PWR·VOL” knob on the audio system.

### DOWNLOAD A POI

Some Lexus Insider stories will contain a downloadable POI relevant to the content.

1. If it contains a POI, you can select “Enter” to download it to the navigation system.

2. You can select the “Go to” button to set the POI as a destination with route directions.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

DELETE Lexus Insider ARTICLE

1. Select "Delete" on the "LEXUS Insider" screen.

2. Select the individual article title that you would like to delete or "Select All".

3. Select "Delete".

4. Select "Yes".

NEW MESSAGE NOTIFICATION

When the vehicle is first powered on and a new Lexus Insider article is available, a notification will appear on the navigation screen.

The notice will appear for only approximately 6 seconds unless you choose one of the options listed.

1. When the new message notification appears, you can select any of the following options.

"Listen Now": Plays newly received Lexus Insider article(s).

"Listen Later": Removes notification screen without playing articles. Notification will be displayed again when the vehicle is next powered on.
2. LEXUS ENFORM WITH SAFETY CONNECT OPERATION

Lexus Insider SETTINGS

To change Lexus Insider settings, notification, and opt in or out of article receipt.

1. Press the “MENU” button on the Remote Touch.

2. Select “Setup”.

3. Select “Other”.

4. Select “LEXUS Insider”.

5. “LEXUS Insider Settings” screen is displayed on the screen.

- Please refer to the following pages for each setting.
**RECEIVE/OPT OUT OF Lexus Insider**

1. Select “Receive LEXUS Insider”.
2. Select “Yes” to receive Lexus Insider articles or “No” to opt out receiving articles.
3. Select “Save”.

**NEW MESSAGE NOTIFICATION**

Automatic notification of new Lexus Insider articles is available and is the default setting.

1. Select “New Message Notification”.
2. Select “On” or “Off”.
3. Select “Save”.

**RESTORE THE DEFAULT Lexus Insider SETTINGS**

1. Select “Default”.
2. Select “Yes” to confirm or “No” to cancel.

1. 12.3-INCH DISPLAY OPERATION

1. 12.3-INCH DISPLAY-OVERVIEW

The 12.3-inch display has a display area which is 1.5 times wider than that of the 8-inch display.

FULL SCREEN DISPLAY

The initial screen and "Menu" screen fill the entirety of the display area.

SPLIT-SCREEN DISPLAY

Different information can be displayed on the left and right of the screen. For example, audio, air conditioning or consumption information screens can be displayed and operated while the map screen is being displayed. The large screen on the left of the display is called the "Main Display", and the small screen to the right is called the "Side Display".
12.3-INCH DISPLAY OPERATION

This section describes only the characteristics of the 12.3-inch display, paying particular attention to the “Side Display”. For details of the functions and operation of the “Main Display”, refer to the respective section.

THE “Side Display”

The following functions can be displayed and operated on the “Side Display”.

- Basic screens (See page 210.)
  - Audio
  - Air conditioning
  - Vehicle information
- Interrupt screens (See page 217.)
  - Intuitive parking assist
  - Phone
  - Destination Assist
  - Driving mode
  - Lexus night view

OPERATING CHARACTERISTICS OF THE SPLIT-SCREEN DISPLAY

When the split-screen is displayed, it is necessary to select the screen you wish to operate (“Main Display” or “Side Display”).

SELECTING THE OPERATION SCREEN

1. When selecting the “Side Display”, move the Remote Touch knob to the right until ▶ is displayed at the boundary between the “Main Display” and the “Side Display”, and then move it further to the right.

When selecting the “Main Display”, move the Remote Touch knob to the left until ◀ is displayed at the boundary between the “Main Display” and the “Side Display”, and then move it further to the left.
1. 12.3-INCH DISPLAY OPERATION

2. BASIC SCREENS

The audio control screen, air conditioning control screen and vehicle information screen can each be displayed and operated on the “Side Display”.

TO DISPLAY ON THE “Main Display”

Detailed information that is not shown on the “Side Display” can be set to display on the “Main Display”. For “Main Display” operation, refer to the respective section.

1. Select , , or .

SWITCHING THE BASIC SCREEN

1. Select the desired tab.

<table>

Bluetooth® CONNECTION STATUS

You can check such indicators as signal strength and connection status on the top right of the screen. For details, refer to “Owner’s Manual”.

AUDIO/VIDEO SYSTEM

Operations such as selecting a preset station or track are carried out on the screen.

INFORMATION

and is not displayed in some audio modes.
1. 12.3-INCH DISPLAY OPERATION

1. 12.3-INCH DISPLAY

11.11.17  14:30

GS350/450h (US) NAVI  30C46U

11.11.17  14:30

CHANGING THE AUDIO MODE

1. Select ▲ or ▼ for select the desired audio mode.

SELECTING A RADIO STATION

Stations that have been registered to the preset buttons can be selected.

1. Select ▲ or ▼ for select the desired station.

SELECTING A TRACK/FILE OR CHAPTER

A track, file or chapter can be selected during playback in each mode.

1. Select ▲ or ▼ for select the desired track, file or chapter.
AIR CONDITIONING SYSTEM

Operations such as changing the air outlets or fan speed are carried out on the screen.

Without rear air conditioning system

- Fan speed control buttons
- Fan speed display
- Air flow control button
- Driver side temperature control buttons
- Air conditioning on/off switch
- Driver side temperature display
- Automatic mode
- Passenger side temperature display
- Passenger side temperature control buttons
- Dual operation switch
With rear air conditioning system

- Fan speed display
- Fan speed control buttons
- Passenger side air flow control button
- Driver side air flow control button
- Passenger side temperature control buttons
- Driver side temperature control buttons
- Automatic mode
- 3-zone operation switch
- Air conditioning on/off switch
- Driver side temperature display
- Passenger side temperature display

---

213
1. 12.3-INCH DISPLAY OPERATION

**USING THE AUTOMATIC MODE**

1. Select “AUTO”.
   - The air conditioning system begins to operate. Air outlets and fan speed are automatically adjusted according to the temperature setting.

2. Select \( \uparrow \) to increase the temperature and \( \downarrow \) to decrease the temperature on temperature control buttons.
   - The temperature for the driver and passenger seats can be set separately.

**ADJUSTING THE SETTINGS**

**ADJUSTING THE TEMPERATURE SETTINGS**

1. Without rear air conditioning system
   - Select \( \uparrow \) to increase the temperature and \( \downarrow \) to decrease the temperature on temperature control buttons.

   - “DUAL” is used to set the temperatures independently for the driver’s seat and front passenger seat.
   - The air conditioning system switches between dual and simultaneous modes each time “DUAL” is selected.
   - When the “DUAL” indicator is on, the temperature for the driver’s seat and front passenger seat can be adjusted separately.

   - “3-ZONE” is used to set the temperatures independently for the driver’s, front passenger’s and rear seats.
   - The air conditioning system switches between individual and simultaneous modes each time “3-ZONE” is selected.
   - When the “3-ZONE” indicator is on, the temperature for the driver’s, front passenger’s and rear seats can be adjusted separately.

**ADJUSTING THE FAN SPEED**

1. Without rear air conditioning system
   - Select \( \uparrow \) to increase the fan speed and select \( \downarrow \) to decrease the fan speed on fan speed control buttons.

**CHANGING THE AIR OUTLETS**

1. Without rear air conditioning system
   - Select air flow control buttons.
   - The air outlets used are switched each time the button is selected.

   - With rear air conditioning system
     - Select air flow control buttons.
     - Different air outlets for the left-hand and right-hand front seats can be chosen.
     - The air outlets used are switched each time the button is selected.
**VEHICLE INFORMATION**

Vehicle information (the fuel consumption, compass, energy monitor etc.) can be displayed. The details of the information, refer to “Owner’s Manual”.

**SWITCHING THE VEHICLE INFORMATION**

1. Select or for select the desired screen.

**CONSUMPTION**

Displays the average fuel consumption and regenerated energy (vehicles with hybrid system) for the past 10 minutes in 1 minute intervals, as well as the cruising range.

**PAST RECORD**

Displays the average fuel consumption and highest fuel consumption.

**TRIP INFORMATION**

Displays the cruising range, average fuel consumption and the amount of time elapsed since the engine <hybrid system> was started.
■ COMPASS

Displays a compass and information about the current position. The orientation of the compass can be changed from north-up to heading-up by selecting the orientation symbol.

1. Select or .

► North-up screen

► Heading-up screen

■ ENERGY MONITOR (VEHICLES WITH HYBRID SYSTEM)

Displays the hybrid system operation and energy recovery states.
Each of the following screens is displayed automatically in accordance with conditions.

- Intuitive parking assist
- Phone (See page 217.)
- Destination Assist (See page 197.)
- Driving mode
- Lexus night view

For the “Intuitive parking assist”, “Driving mode” and “Lexus night view”, refer to “Owner’s Manual”.

### SWITCHING THE INTERRUPTION SCREEN

When multiple interruption screens have been opened, the hidden screens can be brought forward and displayed once again. (The driving mode screen cannot be displayed again.)

For example, when the Intuitive parking assist is being displayed.

### HANDS-FREE SYSTEM (FOR CELLULAR PHONE)

A calling screen will be shown on the “Side Display” when the following operations are carried out on the “Main Display”.

- When on the phone screen is selected
- When the desired number is selected on the “Speed Dial” screen.
- When on the mail screen is selected
**RECEIVING A CALL**

When a call is received, this screen is displayed with a sound.

1. Select 📞 to talk on the phone.

To refuse to receive the call: Select 📞.

To adjust the volume of a received call: Select “-” or “+”.

**INFORMATION**

- The incoming call screen can also be set to display on the "Main Display" when a call is received. (For details, refer to "Owner’s Manual").

**SPEAKING ON THE PHONE**

While talking on the phone, this screen is displayed. The operations outlined below can be performed on this screen.

To adjust the volume of the other party’s voice: Select “-” or “+”.

To hang up the phone: Select 📞.

To mute your voice: Select “Mute”.

To transfer the call: Select “Handset Mode” to change from hands-free call to cellular phone call.

Select “Handsfree Mode” to change from cellular phone call to hands-free call.
1. 12.3-INCH DISPLAY OPERATION

1. DISPLAYING ON THE “Main Display”

The screen can be shown on the “Main Display” when carrying out an operation that cannot be conducted on the “Side Display”.

1. Select “Main Display”.

INFORMATION

- Operation is still possible using the steering phone switches even if the phone screen is hidden behind another interruption screen. If the operation is conducted using a steering switch, the phone screen will automatically be brought to the front.
- For details on operating the steering phone switches and the “Main Display”, refer to “Owner’s Manual”.

Map database information and updates

This system uses the maps of DENSO.

END USER LICENSE AGREEMENT
PLEASE READ THIS AGREEMENT CAREFULLY BEFORE USING THE NAVIGATION SYSTEM
THIS IS A LICENSE AGREEMENT FOR YOUR COPY OF THE SPATIAL MAP DATABASE, INCLUDING LOCATION CODES AND RELATED PRODUCTS (COLLECTIVELY, THE "DATABASE"), USED IN THE NAVIGATION SYSTEM. BY USING THE NAVIGATION SYSTEM AND THE DATABASE, YOU ACCEPT AND AGREE TO BE BOUND BY ALL TERMS AND CONDITIONS SET FORTH BELOW.

LICENSE GRANT
DENSO CORPORATION ("DENSO"), as a licensed distributor of the DATABASE, grants to you a non-exclusive, non-perpetual license to use your copy of the DATABASE for your personal use or for your use in your business' internal operations and not for any other purpose. This license does not include the right to grant sub-licenses.

OWNERSHIP
The DATABASE and the copyrights and intellectual property and neighboring rights therein are owned by Tele Atlas North America, Inc. ("TANA") and its licensors. This Agreement does not transfer any title or interest in the DATABASE, except for the license to use the DATABASE according and subject to the terms and conditions of this Agreement. You shall not alter, obscure or remove any copyright notices, trademark notices or other restrictive legends relating to the DATABASE.

The DATABASE comprises confidential and proprietary information and materials of TANA. Accordingly, you shall hold the DATABASE in confidence and trust. You shall take reasonable steps to protect the DATABASE from misappropriation or misuse. You shall not extract stand-alone data from or publish any part of the DATABASE without the prior written consent of TANA and its licensors.
LIMITATIONS ON USE
The DATABASE is restricted for use in the specific system for which it was created. Except to the extent explicitly permitted by mandatory laws, you may not extract or reutilize any portion of the contents of the DATABASE, nor reproduce, copy, duplicate, modify, adapt, translate, disassemble, decompile, or reverse engineer any portion of the DATABASE.

TRANSFER
You may not transfer the DATABASE to third parties, except together with the system for which it was created, provided that you do not retain any copy of the DATABASE, and provided that the transferee agrees to all terms and conditions of this AGREEMENT.

DISCLAIMER OF WARRANTY
The DATABASE is provided on an "AS IS" and "WITH ALL FAULTS BASIS" and DENSO AND TANA (AND THEIR LICENSORS AND SUPPLIERS) EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY, SATISFACTORY QUALITY, ACCURACY, TITLE AND FITNESS FOR A PARTICULAR PURPOSE. NO ORAL OR WRITTEN ADVICE OR INFORMATION PROVIDED BY DENSO OR TANA (OR ANY OF THEIR LICENSORS, AGENTS, EMPLOYEES OR THIRD PARTY PROVIDERS) SHALL CREATE A WARRANTY, AND YOU ARE NOT ENTITLED TO RELY ON ANY SUCH ADVICE OR INFORMATION. THIS DISCLAIMER OF WARRANTIES IS AN ESSENTIAL CONDITION OF THIS AGREEMENT.
LIMITATION OF LIABILITY

IN NO EVENT SHALL DENSO OR TANA (OR THEIR LICENSORS OR SUPPLIERS) BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, INDIRECT OR EXEMPLARY DAMAGES ARISING OUT OF THIS AGREEMENT OR YOUR USE OF THE DATABASE, INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR COSTS OF COVER, LOSS OF USE OR BUSINESS INTERRUPTION OR THE LIKE, REGARDLESS OF WHETHER THE PARTY WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IN NO EVENT WILL THE TOTAL LIABILITY OF DENSO OR TANA (OR THEIR LICENSORS OR SUPPLIERS) EXCEED THE AMOUNTS PAID BY YOU FOR THE DATABASE.

WARNINGS

The DATABASE comprises facts and information from government and other sources reflecting circumstances in existence before you received the DATABASE, which may contain errors and omissions. Accordingly, the DATABASE may contain inaccurate or incomplete information due to the passage of time, changing circumstances, and due to the nature of the sources used. The DATABASE does not include or reflect information relating to, among other things, neighborhood safety; law enforcement; emergency assistance; construction work; road or lane closures; vehicle or speed restrictions; road slope or grade; bridge height, weight or other limits; road or traffic conditions; special events; traffic congestion; or travel time.
U.S. GOVERNMENT RIGHTS
If you are an agency, department, or other entity of the United States Government, or funded in whole or in part by the United States Government, then use, duplication, reproduction, release, modification, disclosure or transfer of this commercial product and accompanying documentation, is restricted in accordance with the LIMITED or RESTRICTED rights as described in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 227.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (JUN 1987) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14 Alternates I, II, and III (JUN 1987) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), as applicable. In case of conflict between any of the FAR and DFARS provisions listed herein and this Agreement, the construction that provides greater limitations on the Government’s rights shall control.

Contractor/manufacturer is Tele Atlas North America, Inc., 11 Lafayette Street, Lebanon, NH 03766-1445. Phone: 603.643. 0330. The DATABASE is made by Tele Atlas North America, Inc. ALL RIGHTS RESERVED. For purpose of any public disclosure provision under any federal, state or local law, it is agreed that the DATABASE is a trade secret and a proprietary commercial product and not subject to disclosure.

If you are an agency, department, or other entity of any State government, the United States Government or any other public entity or funded in whole or in part by the United States Government, then you hereby agree to protect the DATABASE from public disclosure and to consider the DATABASE exempt from any statute, law, regulation, or code, including any Sunshine Act, Public Records Act, Freedom of Information Act, or equivalent, which permits public access and/or reproduction or use of the Licensed Products. In the event that such exemption is challenged under any such laws, this Agreement shall be considered breached and any and all right to retain any copies or to use of the DATABASE shall be terminated and considered immediately null and void. Any copies of the DATABASE held by you shall immediately be destroyed.
If any court of competent jurisdiction considers this clause void and unenforceable, in whole or in part, for any reason, this Agreement shall be considered terminated and null and void, in its entirety, and any and all copies of the DATABASE shall immediately be destroyed.

END-USER TERMS

The data ("Data") is provided for your personal, internal use only and not for resale. It is protected by copyright, and is subject to the following terms and conditions which are agreed to by you, on the one hand, and DENSO CORPORATION ("DENSO") and its licensors (including their licensors and suppliers) on the other hand.

© 2009* NAVTEQ. All rights reserved.

* original publication date

NAVTEQ holds a non-exclusive license from the United States Postal Service® to publish and sell ZIP+4® information.

©United States Postal Service® 2009*. Prices are not established, controlled or approved by the United States Postal Service®. The following trademarks and registrations are owned by the USPS: United States Postal Service, USPS, and ZIP+4. *original publication date
Restrictions. Except where you have been specifically licensed to do so by DENSO, and without limiting the preceding paragraph, you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, capable of vehicle navigation, positioning, dispatch, real time route guidance, fleet management or similar applications; or (b) with or in communication with any positioning devices or any mobile or wireless-connected electronic or computer devices, including without limitation cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning. The Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic data, any of which may lead to incorrect results.

No Warranty. This Data is provided to you “as is,” and you agree to use it at your own risk. DENSO and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error-free.

Disclaimer of Warranty: DENSO AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.
Disclaimer of Liability: DENSO AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE INFORMATION; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS INFORMATION, ANY DEFECT IN THE INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF DENSO OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control. You agree not to export from anywhere any part of the Data provided to you or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations.

Entire Agreement. These terms and conditions constitute the entire agreement between DENSO (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Governing Law. The above terms and conditions shall be governed by the laws of the State of Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of the State of Illinois for any and all disputes, claims and actions arising from or in connection with the Data provided to you hereunder.
Government End Users. If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a "commercial item" as that term is defined at 48 C.F.R. ("FAR") 2.101, is licensed in accordance with these End-User Terms, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following "Notice of Use," and shall be treated in accordance with such Notice:

END USER NOTICE

Please read this notice carefully before using this navigation system

The Point Of Interest Data ("POI" Data) in the navigation system is in part provided by Infogroup Inc. ("Infogroup"). By using the POI Data, you accept and agree to all terms and conditions set forth below.

1. Ownership
All rights, title and interest to the Infogroup POI Data shall be retained by Infogroup.

2. Limitations on use
Except to the extent explicitly permitted by mandatory laws, you may not extract or re-utilize any portion of the contents of the POI Data, nor reproduce, copy, modify, adapt, translate, disassemble, decompile, or reverse engineer any portion of the POI Data.

3. Transfer
You may not transfer the POI Data to third parties, except together with the system for which it was created, provided that you do not retain any copy of the POI Data.

If the Contracting Officer, federal government agency, or any federal official refuses to use the legend provided herein, the Contracting Officer, federal government agency, or any federal official must notify NAVTEQ prior to seeking additional or alternative rights in the Data.

NOTICE OF USE

CONTRACTOR (MANUFACTURER/SUPPLIER)
NAME: NAVTEQ

CONTRACTOR (MANUFACTURER/SUPPLIER)
ADDRESS: 425 West Randolph Street, Chicago, Illinois 60606

This Data is a commercial item as defined in FAR 2.101 and is subject to these End-User Terms under which this data was provided.

© 2009* NAVTEQ - All rights reserved. *original publication date
4. Disclaimer of warranty
EXCEPT AS STATED HEREIN, INFOGROUP MAKES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR WARRANTY OF MERCHANTABILITY.

5. Limitation of Liability
EITHER INFOGROUP OR SUPPLIER OF POI DATA SHALL NOT BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES MADE OR AllegED IN CONNECTION WITH YOUR USE OF THE POI DATA.

END USER LICENSE AGREEMENT
Personal Use Only. You agree to use this information for solely personal, non-commercial purposes, and not for service bureau, time-sharing or other similar purposes. You may not modify the information or remove any copyright notices that appear on the information in any way. You may not decompile, disassemble or reverse engineer any portion of this information, and may not transfer or distribute it in any form, for any purpose. Without limiting the foregoing, you may not use this information with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, capable of vehicle navigation, positioning, dispatch, real time route guidance, fleet management or similar applications.
No Warranty. This information is provided to you “as is,” and you agree to use it at your own risk. DENSO and its licensors (and their licensors and suppliers, collectively “DENSO”) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, and DENSO expressly disclaims any warranties regarding content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, non-infringement, usefulness, use or results to be obtained from this information, or that the information or server will be uninterrupted or error-free. Some states, territories and countries do not allow certain warranty exclusions, so to that extent, the above exclusion may not apply to you.

Disclaimer of Liability: DENSO SHALL NOT BE LIABLE TO YOU FOR ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF ITS NATURE, ALLEGING ANY LOSS, INJURY OR DAMAGES, WHETHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING ANY LOSS OF PROFIT, REVENUE OR CONTRACTS ARISING OUT OF YOUR POSSESSION, USE OF OR INABILITY TO USE THIS INFORMATION, ANY DEFECT IN THE INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF DENSO OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some states, territories and countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.
Indemnity. You agree to indemnify, defend and hold DENSO and its licensors (including their respective licensors, suppliers, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents and representatives of each of them) free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense, or claim of any kind or character, including but not limited to attorney’s fees, arising out of or in connection with any use or possession by you of this information.

5. Products derived from this software may not be called "OpenSSL" nor may "OpenSSL" appear in their names without prior written permission of the OpenSSL Project.
6. Redistributions of any form whatsoever must retain the following acknowledgment: “This product includes software developed by the OpenSSL Project for use in the OpenSSL Toolkit (http://www.openssl.org/)"
This software is provided by the OpenSSL Project "as is" and any expressed or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose are disclaimed. In no event shall the OpenSSL Project or its contributors be liable for any direct, indirect, incidental, special, exemplary, or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of this software, even if advised of the possibility of such damage.

This product includes cryptographic software written by Eric Young (eay@cryptsoft.com). This product includes software written by Tim Hudson (tjh@cryptsoft.com).

Original SSLeay License
Copyright © 1995-1998 Eric Young (eay@cryptsoft.com) All rights reserved.

This package is an SSL implementation written by Eric Young (eay@cryptsoft.com). The implementation was written so as to conform with Netscapes SSL. This library is free for commercial and non-commercial use as long as the following conditions are aheared to. The following conditions apply to all code found in this distribution, be it the RC4, RSA, lhash, DES, etc., code; not just the SSL code. The SSL documentation included with this distribution is covered by the same copyright terms except that the holder is Tim Hudson (tjh@cryptsoft.com). Copyright remains Eric Young’s, and as such any Copyright notices in the code are not to be removed. If this package is used in a product, Eric Young should be given attribution as the author of the parts of the library used. This can be in the form of a textual message at program startup or in documentation (online or textual) provided with the package. Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:
1. Redistributions of source code must retain the copyright notice, this list of conditions and the following disclaimer.
2. Redistributions in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.
3. All advertising materials mentioning features or use of this software must display the following acknowledgement: "This product includes cryptographic software written by Eric Young (eay@cryptsoft.com)". The word ‘cryptographic’ can be left out if the routines from the library being used are not cryptographic related :-). 
4. If you include any Windows specific code (or a derivative thereof) from the apps directory (application code) you must include an acknowledgement: "This product includes software written by Tim Hudson (tjh@cryptsoft.com)"
